2. CAMPAIGNS**Stay Safe and Warm**

- This campaign now in its 16th year will run from October until March 2025 to help residents across Cleveland stay safe and warm during the colder months. The free initiative provides people of all ages with a range of equipment to help keep them warm depending on what they require following an assessment. In Hartlepool we have seen an increase of 125% in the uptake of this service provided in 2022/2023.

Bonfire

- This campaign will launch 14 October until 11th November and incorporates school half term, start of darker nights, Candle Safety Week, Halloween, Mischief Night and Diwali. Typically, in the build up to Bonfire night we witness an increase in callouts, deliberate fires and violence to staff, this campaign will focus on us sharing safety information and trying to prevent an increase in the number of incidents we attend. Key messages will be around encouraging people to attend organised displays, using Fireworks responsibly, storing bins securely and reporting deliberate fires to FireStoppers anonymously.

Festive

- This campaign will run from 25 November 2024 to 9 January 2025 and will focus on reducing the number of ADF's during this period with cooking, electrical and radiated heat being the main causes. It will use a multi-channel approach and encourage our communities to take care over the festive period and make sure they have working smoke alarms.

The Brigade will support a range of national campaigns and awareness days including:

- NFCC Home Fire Safety Month
- Kids Take Over the Kitchen Day (1 Sept)
