**109.1 Audit Progress Report – February 2020**

The Audit Manager (AM) presented the Audit Progress Report which covered:

- 2019/20 Audit Progress
- National Publications
- Contact details

**109.1 Audit Progress Report – February 2020**

The Audit Manager (AM) reported that Mazars were midway through the interim audit and on schedule to complete by the end of March 2020.

He referred Members to the Home Office publication ‘Response times to fires attended by fire and rescue services: England, April 2018 to March 2019,’ and noted that Cleveland had the best response times in the country which had been maintained through years of austerity. He also acknowledged the positive outcomes of the Brigade’s HMICFRS inspection detailed within the ‘State of Fire and Rescue: The annual assessment of fire and rescue services in England, HMICFRS, January 2020’ report and noted that the recommendations were aligned to the findings of the Authorities self-assessment which would be addressed going forward with Cleveland falling into the top third of authorities.

**RESOLVED - that the report be noted.**

**109.2 Audit Strategy Memorandum – year ending 31 March 2020**

The Audit Director (AD) presented the Audit Strategy Memorandum for the year ending 31 March 2020 which included:

- Engagement and Responsibilities Summary
- Audit Scope, Approach and Timeline
- Significant Risks and Key Judgement Areas
- Value for Money
- Fees for Audit & other services
- Commitment to Independence
- Materiality and Misstatements

The AD informed Members that the ‘Fraudulent Revenue Risk’ detailed under Significant Risks would be rebutted as Cleveland’s revenue largely comprised of funding from central government, local council tax precept and revenue from the separately audited subsidiary. Total other funding was deemed only just material and would make fraud difficult to conceal.

The AD acknowledged the Brigade’s ‘really positive’ HMICFRS inspection report in the Value for Money Conclusion which gave Mazars good assurance around arrangements.

The AD reported that it was the view of Mazars that the work required was in addition to when the scale fee was set by PSAA and the audit fee for 2019/20 would be revisited following a consultation which was currently underway. He assured Member that any increase to fees would be fair and reasonable.

Members queried the additional fee and asked for Mazars to provide training to all CFA Members to provide greater understanding. The AD confirmed that it was not Mazars’ role to deliver training and that Members had received a briefing in the past.

Councillor James also suggested that all Members are offered some level of training on local pensions. Councillor Waters expressed interest in becoming a Member of the Local Pension Board.

**109.2 Audit Strategy Memorandum – year ending 31 March 2020 cont.**

The CFO confirmed that under current governance arrangements Members were appointed to the Local Pensions Board at the Annual Meeting and any training needs could be addressed through the Member Development Programme.

**RESOLVED:-**

- (ii) that any additional training needs be addressed in the Member Development Programme.**

**RESOLVED – That the report be noted**

Councillor Hussain referred to the level of false alarms and asked if these were businesses and what action the Brigade could take. The HoR&P confirmed these were automated industrial / commercial premises and Fire Control currently used Call Questioning to ascertain if there is a fire at the premises before mobilising. The CFO confirmed that feedback from the consultation to date was that the public was overwhelmingly supportive of the Brigade charging.
