**3. BACKGROUND**

- 3.1 Members will be aware that the Fire and Rescue National Framework for England 2018 (the Framework) sets out the requirement for all fire and rescue authorities to provide annual assurance on financial, governance and operational matters and to show how they have due regard to the requirements included in the Framework and the expectations set out in authorities' own integrated risk management plans.
- 3.2 To demonstrate this, the Framework requires that each authority must publish an Annual Statement of Assurance.
- 3.3 The Statement of Assurance is seen by Government as an important measure that will ensure that FRAs provide local scrutiny arrangements and access to a range of information to help communities influence, and be assured of the robustness of, local delivery arrangements.
- 3.4 The guidance also states that "the Statement of Assurance will be used as a source of information on which to base the Secretary of State's biennial report under section 25 of the Fire and Rescue Act 2004".
