

Pay Policy Statement 2025/26

(Sections 38-43, Localism Act 2011)

1. Introduction

- 1.1 In accordance with Sections 38-43 of the Localism Act 2011, this document represents Cleveland Fire Authority's Pay Policy Statement (PPS) for 2025/26. It sets out the Authority's policies in relation to the remuneration of its staff.
- 1.2 The PPS is subject to annual review and must be approved by the Authority for each financial year.
- 1.3 The PPS will be published on the Brigade's website as soon as reasonably practicable after approval or amendment.

2. Pay Structures

- 2.1 The pay structure for employees conditioned to the scheme of conditions of service for local authorities' fire and rescue services is established through national negotiating committees of the National Joint Council (NJC).
- 2.2 The pay structure for employees conditioned to the scheme of conditions of service for local government services is established locally following the application of the NJC Job Evaluation Scheme which informs the locally determined Pay and Grading Structure.
- 2.3 For both groups of employees, rates of pay are based on defined stages of development leading to demonstration of competence in the employee's role. After all the applicable functions have been assessed as being achieved, competence is deemed to have been demonstrated and the 'competent' pay rate is applied.
- 2.4 All pay awards applied to the salary scales are as agreed through the NJC and notified to Authorities. Employees conditioned to the scheme of conditions of service for local government services who are paid above the maximum of the pay spine but graded below Assistant Chief Officer are within the scope of the NJC. The pay levels for such posts are determined locally as outlined in paragraph 2.2, but once fixed are increased in line with agreements reached by the NJC.
- 2.5 The Government's National Living Wage sets a minimum wage for all workers aged 25 and over. The minimum wage from April 2025 is £12.21 per hour, which equates to an annual salary of £23,556.64. Our lowest paid employees will be paid at Grade B (Development) which is currently a salary of £24,027. This salary exceeds the National Living Wage equivalent.

The current formula was approved by the Authority on 13th October 2023 and determined an annual salary of £170,000, which is fixed until 31st December 2024. From 1st January 2025 the annual salary will increase in line with the national NJC Gold Book increase.

4.2 **Increases and Additions to Remuneration**

Annual salary increases for the Chief Fire Officer and Directors will be constructed using a two-track approach as set out in paragraphs 10 and 11 of the National Joint Council (NJC) Scheme of Conditions of Service for Brigade Managers ('the Gold Book'). The first element is a nationally negotiated basic salary increase agreed between the Employers and the Association of Principal Fire Officers (APFO) and the second is a review of locally negotiated pay formula.

4.3 **Bonuses**

No bonuses will be paid to Chief Officers

4.4 **Performance Related Pay**

It is expected that Chief Officers will perform to the highest level and therefore performance related pay will not form part of current remuneration arrangements. This position will be reviewed if legislation and/or guidance relating to senior posts is changed.

4.5 **Other Payments**

A fully expensed car is provided to the Chief Fire Officer. Directors are provided a car on either, a leased basis, or a car allowance to the same cost to the Authority. The maximum annual cost of a leased car was assessed and approved by the Authority in 2002 based on the previous provision of a Brigade vehicle and index linked to NJC Pay Awards each year. Any associated costs above the approved maximum annual costs are paid for by the individuals.

Fuel is provided for the leased vehicle of operational chief officers to reflect the continuous operational/on call role. Non-operational chief officers reclaim business miles in accordance with their terms and conditions.

4.6 **Terms and Conditions**

Terms and Conditions of Employment are those negotiated nationally by the National Joint Council (NJC) Scheme of Conditions of Service for Brigade Managers ('the Gold Book') and the Joint Negotiating Committee for Local Authority Chief Officers.

4.7 **Future Position**

In cases of new Chief Officer' appointments, the position and remuneration will be reviewed by the Fire Authority prior to recruitment.

4.8 **Re-location**

In accordance with GOV.Uk guidance, the Authority's policy on re-location is a contribution towards the cost of removal and other incidental expenses which currently is up to £8,000. Any expenses claimed above £8,000 will be subject to tax and national insurance and subject to a maximum of £12,500 from Cleveland Fire Authority. Costs and expenses relate to the acquisition of a new residence or the acquisition of a tenancy only, for example legal or professional.

5. Payment to Chief Officers Upon Termination of their Employment

- 5.1 Chief Officers who cease to hold office or be employed by the Authority will receive payments calculated using the same principles as any other member of staff, based on entitlement within their contracts of employment; their general terms and conditions and existing policies.
- 5.2 In the case of termination of employment by way of early retirement, redundancy (voluntary or otherwise) or on the grounds of efficiency of the service, the Brigade's Early Retirement and Redundancy Policy sets out provisions which apply to all staff regardless of their level of seniority.
- 5.3 The Authority's Early Retirement and Redundancy Policy also sets out the applicable provisions in respect of awarding additional pension entitlement by way of augmentation or otherwise.

6. Flexible Retirements

- 6.1 The Authority will only consider flexible retirement outside of the normal rules on an individual case by case basis. A full business case must be prepared in each case and approval will depend on the financial case and affordability.

7. Retirement, Re-Engagement and Abatement

- 7.1 In accordance with the Regulations of the relevant Pension Schemes, if an employee retires and then returns to work and their earnings on re-employment (including pension) exceed their earnings before they retired, the Fire Authority will reduce or stop ("abatement") the employees' pension to the point where the aggregate of the pension in payment and the salary received on re-employment does not exceed the level of earnings directly prior to their retirement.

 - Non-operational employees Grade B (Development) is currently £24,027 (pay award pending 1st April 2025).

9. Relationship between Remuneration of Chief Officer and Non Chief Officer Remuneration

- 9.1 The pay multiple for the Authority is determined by comparing the hourly pay for the highest paid employee against that of the median hourly pay for the organisation as a whole. The current pay multiple is 5.1.
- 9.3 This Fire Authority will aim to maintain a pay multiple of less than 10.

10. Publication and Access to Information relating to Remuneration of Chief Officers

- 10.1 Key documents in relation to pay are this PPS and the Authority's Annual Statement of Accounts. Both of these and other information will be published on the Authority's website in line with the Code of Recommended Practice for Local Authorities on Data Transparency.

11. Equal Pay

- 11.1 This Authority is committed to ensuring equal treatment between men and women so that men and women doing equal work and work rated as such are entitled to equal pay. Men and women will be given equal treatment in the terms and conditions of their employment contract if they do like work, work rated as such or work of equal value.
