##### **Community Risk Management Plan (CRMP)**

The statutory consultation on our next Community Risk Management Plan (CRMP) commenced on 15th September and will run for 12 weeks. This formal consultation seeks views from the public, staff, partners and stakeholders on our proposed priorities and approach for managing community risk across Cleveland. Feedback gathered during this period will help shape the final CRMP before it is presented for approval and publication in 2026.

##### **Stay Safe and Warm**

This campaign now in its 17th year will run from October until March 2026 to help residents across Cleveland stay safe and warm during the colder months. The free initiative provides people of all ages with a range of equipment to help keep them warm depending on what they require following an assessment. In winter 2024 we supported 408 households.

##### **Festive Campaign**

This campaign will run from 28 November 2025 to 9 January 2026 and will focus on reducing the number of accidental dwelling fires (ADFs) during this period, with cooking, electrical faults and radiated heat identified as the main causes. It will use a multi-channel approach to encourage our communities to take extra care over the festive period, ensuring they have working smoke alarms.

The Brigade will support a range of national campaigns, awareness days and join local events including:

- Fire Kills Campaign (Smoke Alarms)
- Brew Monday (19 Jan)
- Register My Appliance Week (19-25 Jan)

- Electrical Fire Safety Week (2-8 Feb)
- Time to Talk Day (6 Feb)
- National Apprenticeships Week (9-15 Feb)
