- This campaign now in its 16<sup>th</sup> year will run from October until March 2025 to help residents across Cleveland stay safe and warm during the colder months. The free initiative provides people of all ages with a range of equipment to help keep them warm depending on what they require following an assessment.

##### **Festive**

- This campaign will run from 29 November 2024 to 9 January 2025 and will focus on reducing the number of ADF's during this period with cooking, electrical and radiated heat being the main causes. It will use a multi-channel approach and encourage our communities to take care over the festive period and make sure they have working smoke alarms.
