Scheme of Delegation

Cleveland Fire Authority's Delegation Scheme aligns to Core Principle 1 of the CIPFA/SOLACE 'Delivering Good Governance in Local Government Framework (2016 edition)'
Core Principle 1: 'Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law'

1. Introduction

- 1.1 In practical terms Cleveland Fire Authority is unable to make every decision itself and therefore has specific statutory powers under the Local Government Act 1972 to delegate decisions to Committees and Officers.
- 1.2 This Scheme of Delegation sets out the terms and limitations upon which the Authority has empowered its "**Authorised Officers**" namely the Chief Fire Officer, the Treasurer, the Legal Adviser and Monitoring Officer and the Assistant Chief Fire Officer Strategic Planning and Resources (ACFOSPR) to act on behalf of the Authority and exercise delegated powers on behalf of the Authority pursuant to the statutory scheme set out in the Local Government Act 1972 and other enabling legislation including statutory instruments, regulations and orders.
- 1.3 The Authority has also delegated powers to its Committees, and these are specified in the roles and responsibilities of those committees.
- 1.4 Insofar as is lawful for it to do so, the Authority will indemnify Officers acting bona fide in the exercise of the functions of the Authority in any case where proceedings may be taken against them in respect of acts done by them in the discharge or purported discharge of the functions delegated to them.
- 1.5 The Authorised Officers shall exercise any delegated powers by making decisions that comply with the relevant approved policies and procedures of the Authority; expenditure decisions shall be in line with the standing orders and financial regulations of the Authority and within approved financial budgets.
- 1.6 The Authorised Officers may empower other officers of the Authority for whom they are managerial responsible to make decisions and act on their behalf in connection with matters of day-to-day management and administration of the Authority subject to the other limitations of this scheme.
- 1.7 The Chief Fire Officer, Treasurer, Legal Adviser and Monitoring Officer and the Assistant Chief Fire Officer Strategic Planning and Resources are authorised to negotiate, conclude and execute on behalf of the Authority any document or agreement required to give effect to any decision taken by the Authority, Committee or Officer whether or not that decision specifically records such an authorisation, provided that where expenditure is authorised under the Financial Regulations, any documentation giving effect to that expenditure may be entered into by the Officer incurring the expenditure.

2. Responsibilities of the Authority and the Chief Fire Officer

- 2.1 The statutory duty to make provision under Part 2 of the Fire and Rescue Services Act 2004 ('the Act') for fire safety, firefighting, action in respect of road accidents and other emergencies, together with other functions provided for in the Act is vested with the Cleveland Fire Authority. Thus, the Fire Authority has the overall control over the strategic direction, establishment, budget and functions of the Brigade as a body and over the acquisition, disposal and alteration of Brigade premises and appliances.
- 2.2 The Chief Fire Officer is the Chief Officer (Head of Paid Service) of the Brigade with direct responsibility to the Authority for the efficient operation of the Brigade. As such, it is essential that the Chief Fire Officer has all powers necessary for the discharge of that responsibility. The powers of the Chief Fire Officer should be such as to enable him to discharge his duties with certainty of his authority, whilst recognising and respecting the duty of the Fire Authority under the Act. The powers should, therefore, be such as to equip the Chief Fire Officer for:
- (i) the efficient operation of the Brigade in all its functions, in respect of the statutory duties regarding Fire Services and any other activities approved by the Fire Authority; and
 - (ii) all administrative and managerial activities incidental to the running of the Brigade, its equipment, and premises.
- 2.3 Power (subject to the Authority's Financial and Contract Procedure Rules, policies, schemes and procedures of the Authority):
- (i) to take any executive, administrative or operational action necessary for the efficient functioning of the Fire Brigade
 - (ii) to take any action necessary for the discharge by the Authority of their duties regarding fire safety
 - (iii) to dispose of surplus, obsolete or otherwise unwanted equipment, vehicles, plant or materials of any description
 - (iv) to make awards to employees for long service
 - (v) to incur expenditure within the approved Revenue Budget provision
- 2.4 The Chief Fire Officer is the Scheme Manager of the Local Pensions Board with delegated powers to exercise the Authority's powers and duties under the Local Government and Firefighter Pension Schemes and outlined at Section 2.
- 2.5 The Authority has appointed a Data Protection Officer with responsibility for the implementation of the General Data Protection Regulations and data protection compliance within the Fire Authority.

3. Procedure

- 3.1 The Authority discharges its statutory duties and responsibilities through its employees (the Brigade) and for this purpose delegates functions to the Chief Fire Officer and other Brigade Officers. In respect of their duties, responsibilities and actions, the Chief Fire Officer, and Brigade Officers are accountable to the Authority who are entitled to require the Chief Fire Officer and any other Officer to report to, or consult, the Authority on any aspect of their duties, responsibilities and actions.
- 3.2 The Chief Fire Officer and the Chair of the Authority shall meet (together with such other members as the Chair shall from time to time direct) according to a programme agreed between them to enable the Chief Fire Officer to brief the Chair on issues touching upon the duties and functions of the Authority or otherwise of concern or interest to the Members of the Authority.
- 3.3 Except when urgent action is necessary, the Chief Fire Officer's reports to the Authority will be submitted to a Chair/Chief Fire Officer meeting prior to referral to the Authority.
- 3.4 Where the Chief Fire Officer (and any officer of the Authority) reports upon actions taken (or to be taken) under delegated powers (which for the purposes of this protocol includes specific authority of the Authority), the delegated power will be quoted.
- 3.5 Where the Chief Fire Officer proposes to exercise delegated powers other than in respect of the normal operations of the Brigade, they shall consult the Authority's Legal Adviser and Monitoring Officer appointed under s.5 Local Government and Housing Act 1989 and Treasurer appointed under s151 of the Local Government Act 1972.
- 3.6 A meeting outside the agreed programme referred to in paragraph 2 above may be convened at any time at the request of the Chair, Chief Fire Officer, or any Authorised Officer of the Authority to discuss, clarify and, if possible, resolve any issues arising from the operation of this protocol.

Financial Procedure Rules

1. Introduction

- 1.1 Cleveland Fire Authority is required by law to ensure that it has sound financial management policies, practices and controls in place which are strictly monitored. Financial Procedure Rules are an essential part of this control process.
- 1.2 The Financial Procedure Rules clarify responsibilities, accountabilities, and powers of individuals, named officers and Members of the Authority in relation to financial administration. The Financial Procedure Rules are part of, and inextricably linked with, the Authority's Constitution, e.g. Standing Orders, [Delegated Powers of Committees and Scrutiny Groups] and Member/Officer Codes of Conduct.
- 1.3 All Members and Officers have a general responsibility to protect the assets of the Authority under their control and ensure the proper use of those assets. The Treasurer is responsible for the financial administration arrangements within the Authority which includes a continuous review of Financial Procedure Rules and the issue of advice and guidelines to underpin those rules which Members, Officers and others acting on the Authority's behalf are required to follow. The Chief Fire Officer, Assistant Chief Fire Officer Strategic Planning and Resources (ACFOSPR) and the Assistant Chief Fire Officer Community Protection (ACFOCP) are responsible for ensuring that all staff are aware of their responsibilities under the Authority's Financial Procedure Rules and other internal regulatory controls.
- 1.4 Failure to comply with Financial Procedure Rules could give rise to disciplinary action and employees have a duty to report apparent breaches of Financial Procedure Rules to an appropriate Senior Manager, the ACFOSPR, the Treasurer and the Authority's Monitoring Officer.
- 1.5 In any case of doubt about the appropriate application of Financial Procedure Rules or any action required, Officers should consult with their Senior Manager in the first instance. Advice can also be obtained from Internal Audit particularly if information on financial administration is required which is not included within these rules.

2. Safeguarding Public Money Assets

2.7 Ordering and Paying for Goods and Services

2.7.1 The ordering and paying for goods and services is critical to the Authority's ability to deliver services. It is essential that the Authority's controls are adequate to demonstrate probity and good practice. Accordingly the following controls exist:

- budget provision is required for all expenditure prior to ordering
- budget provision confers authority to spend within that budget
- all payments other than from petty cash or specifically approved bank accounts must be made by the Treasurer from the Authority's Bank Account in the manner deemed most appropriate by the Treasurer
- all instructions for payment must be authorised by the appropriate budget holder or other person duly approved. This should only be done after acceptable receipt of the goods or services in accordance with the order
- expenditure must be allocated to the correct heading

2.7.2 Responsibilities of the Treasurer:

- making payments in accordance with the above Authority rules

2.8 Paying Staff and Members

2.8.1 Staff costs form the largest single element of the Authority's expenditure and appropriate controls are necessary to ensure that payments are only made in accordance with the appropriate terms and conditions. Accordingly the Authority has the following controls:

- The calculation of all payments to staff/members must be done by the Treasurer supported by appropriate Brigade Personnel/Legal advice.
- All appointments must be made in accordance with appropriate terms and conditions.

- notifying the Treasurer of any changes affecting the calculation of pay within a timescale to be agreed with the Treasurer

2.9 Off Payroll Working

2.9.1 The requirement of the 2021 off-payroll tax rules commissioned by HMRC is that all companies must take 'reasonable care' when assessing if an employee working under a contract is inside or outside of IR35 tax legislation. (IR35 refers to the UK's anti-avoidance tax legislation designed to tax 'disguised' employment at a rate similar to employment).

2.9.2 The 2021 legislation change effectively means that if the Authority is engaging a service involving a person then the Authority must ensure that the correct checks have been undertaken ahead of the contract engagement being made.

2.9.3 The Brigade's Procurement Team is responsible for ensuring compliance through the assessment of contract preliminaries information using the CEST (Check Employer Status for Tax) HMRC online portal. The outcome from this assessment will determine the treatment of inside/outside IR35, e.g. a creditor or Off-Payroll PAYE deduction.

2.10 Preventing Financial Irregularities

2.10.1 In administering its responsibilities, the Authority is committed to the prevention of financial irregularities and makes it clear that it will not tolerate fraudulent or corrupt acts committed either by its Officers, Members, or those companies or organisations with which it does business.

2.10.2 The Authority's expectation on propriety and accountability is that Members and staff at all levels will lead by example in ensuring adherence to rules, procedures and Codes of Conduct.

2.10.3 The Authority has in place a network of systems and procedures to cover its stewardship of public funds responsibilities and it maintains a continuous overview of the adequacy of its corporate governance arrangements through its Internal and External Auditors.

2.11.1 The Authority holds assets in the form of property, vehicles, equipment, furniture and other items of significant value. The Authority's arrangements seek to ensure that such assets are safeguarded and used efficiently in the delivery of services. The Authority's assets must not, without the specific authorisation of the Chief Fire Officer, be used for any purpose other than the discharge of the Authority's functions. Any unauthorised or misuse of Authority assets will result in appropriate disciplinary action.

- 2.11.2 Each Assistant Chief Fire Officer is responsible for the security of assets under their control. Where practicable, each asset should be marked as the property of the Authority.
- 2.11.3 Inventories of all assets, other than land, having a value of £500 or more covering plant, equipment, furnishings, fittings, machinery, vehicles and other non-consumable items must be maintained by the Senior Head of Assets. The inventory must record: a description of item incl. make, model, serial number; the date of purchase and purchase price; whether the asset is leased; security tag reference (where applicable); and location of the asset. An annual physical asset inventory check should be undertaken and any discrepancies identified and reported to the Senior Head of Assets.
- 2.11.4 The disposal of surplus or obsolete items will be undertaken in accordance with the process for asset disposal. A register must be maintained of items disposed of from Officers and Members e.g. laptops, computers etc. The register must include the name, personnel number, description of item, date of issue and a signature obtained.
- 2.11.5 The ACFO SPR has corporate responsibility for maintaining an Asset Register of all land and buildings owned by the Authority and will ensure appropriate valuations and re-valuations are carried out. The Authority's Legal Adviser is responsible for the safe custody of all deeds.
- 2.11.6 All stock received, transferred, issued or returned must be recorded in a manner approved by the Treasurer. In stores, deliveries must be checked for quantity and quality and goods should only be issued from the stores on production of a valid requisition.

2.12.1 The Authority's policy for Gifts/ Hospitality is included within the Employees Code of Conduct which is provided to all new employees.

2.12.2 Officers must be careful not to accept any gift or hospitality, which might interfere with or be perceived as impacting on Authority business or services. This does not include gifts of minor value, which are used at work i.e. diaries, pens, calendars etc and genuine working lunches or functions attended in an official capacity. However, any other gifts or hospitality offered should be reported to the appropriate Senior Head of Department who, after consulting with the ACFO SPR, will then determine the action to be taken.

2.12.3 Employees should not accept significant personal gifts from contractors or suppliers.

2.12.4 Employees should only accept offers of hospitality if there is a genuine need to impart information or represent the Authority in the community. Accepted offers of hospitality should be properly authorised and recorded by the ACFO SPR.

2.12.5 When hospitality has to be declined, those making the offer should be courteously but firmly informed of the procedures and standards operating within the Authority.

2.12.6 When receiving hospitality, employees should be particularly sensitive as to its timing in relation to decisions which the Authority may be taking affecting those providing the hospitality. When visits to inspect equipment etc are required, employees should ensure that the Authority meets the cost of such visits to avoid compromising the integrity of subsequent purchasing decisions.

2.12.7 The Chief Fire Officer and Assistant Chief Fire Officers are responsible for ensuring compliance with the Authority's policy and Codes of Conduct in respect of gifts, hospitality and personal interests and maintaining a register of staff interests, gifts and hospitality.

2.13 Partnership Arrangements

- 2.13.1 The Authority's policy on Partnership Arrangements is provided on the Brigade's Intranet within a document entitled, 'Partnership Policy Document'. Further operational guidance and governance information is contained within the digital 'Better Together' Partnership Framework' hosted on the Brigade's Intranet.
- 2.13.2 Partnerships are playing an increasingly important role in the future of policy development and service delivery for the Public Sector. Good partnership arrangements can support the agencies involved to deliver services which are more effective and efficient.
- 2.13.3 The Treasurer is responsible for ensuring the partnership has clearly defined Financial Regulations in place.
- 2.13.4 The responsibilities of the Chief Fire Officer and Assistant Chief Fire Officers are to ensure risks are minimised and accountability maximised by ensuring a rationale for entering into a partnership; financial, performance, risk and governance arrangements; termination arrangements and that relevant officers are made aware of the Brigade's Partnership Policy Document and the Better Together: Partnership Framework. This is supported by structures put in place by the Better Together: Partnership Framework including a process of proposal and regular review of new and existing partnerships. Management of the Partnership Framework and reporting of partnership monitoring and performance to the Executive Leadership Team is the responsibility of the Partnership and Evaluation Manager.

Corporate Governance

3.1 Revenue Financial Plans

- 3.1.1 Each year the Authority must set an annual budget for the coming year. This budget needs to be considered as part of a wider Medium Term Financial Strategy covering the following three to five years that considers the level of resources available to the Authority, and the expenditure needs of the Authority. The Authority's corporate objectives and risk management plan needs to be addressed in the consideration of the expenditure needs of the Authority in the Medium-Term Financial Strategy.
- 3.1.2 Treasurer's responsibilities:
- preparation of multi-year forecasts of resources and expenditure for the consideration of the Authority
 - identification of risks inherent in the forecasts
 - development of a Medium-Term Financial Strategy
 - submission to the Authority of an appropriate annual budget within the Medium-Term Strategy compliant with all relevant legislation.

- 3.1.3 Responsibilities of Chief Fire Officer and Assistant Chief Fire Officers
- provision of information to the Treasurer in relation to expenditure changes outside of their control within their Directorates for the life of the forecast
 - preparation of detailed budgets within the resources allocated by the Medium-Term Financial Strategy to nominated budget holders
 - responsibility for subsequent expenditure from those detailed budgets to meet the objectives of the service

3.2 **Monitoring of Revenue Income and Expenditure**

3.2.1 Having set budgets in accordance with the Authority's objectives, it is important to monitor the performance of actual income and expenditure against those budgets. This is a continuous process to ensure that resources are used to their best effect. In relation to income it is important to ensure that all income is accounted for and in relation to expenditure that differences are explained and understood.

3.2.2 The analysis of differences should enable budget holders to ensure that appropriate action to bring budgets back on track is taken. Often at the detail level this may not be possible within the financial year and the relevant Assistant Chief Fire Officers will need to consider transfers from other budgets within their control.

3.2.3 Responsibilities of the Treasurer:

- ensuring that monitoring reports are available to budget holders
- ensuring that corporate level budgets are monitored
- reporting on major differences or trends that have a significant impact on the overall finances of the Authority
- operating and maintaining an effective Financial Management system
- providing the Chief Fire Office and Assistant Chief Fire Officers with appropriate advice and guidance

3.2.4 Responsibilities of Chief Fire Officer and Assistant Chief Fire Officers:

- ensuring that adequate budget provision exists for all expenditure prior to it being incurred
- ensuring that each detailed budget has a nominated budget holder
- monitoring budgets within their service areas
- informing the Treasurer of any major differences of actual from planned income or expenditure

3.3 **Capital Financial Planning**

3.3.1 Capital Financial Planning involves the acquiring or enhancing of an asset with a long-term value to the Authority. The planning of capital expenditure is essential for a number of reasons:

- being major items of expenditure they are a key means for the Authority to directly achieve its objectives in shaping service delivery
- they create long term financial commitments in both financing and running costs
- varied funding sources are often available, each with differing requirements
- strict controls are imposed upon the Authority's ability to incur capital expenditure

- the Authority's ability to attract external funding is often dependent upon its proven track record of delivering projects on time and budget

3.3.2 Responsibilities of the Treasurer:

- preparing a detailed annual statement of likely commitments and resources within a multi-year medium term framework for consideration by the Authority
- preparing a Capital Strategy for consideration by the Authority that links the Community Risk Management Plan with the detailed statements of commitments and resources
- submitting details of potential schemes to the Authority for inclusion in the Capital Programme for the year
- determine the format of project appraisals for inclusion within the Capital Programme in conjunction with the Assistant Chief Fire Officers

3.3.3 Responsibilities of Chief Fire Officer and Assistant Chief Fire Officers

- preparing and maintaining an Asset Management Plan to assist in the planning of capital schemes
- considering proposals and with the appropriate officer/s prepare costings for future project appraisals for submission to the Authority for consideration
- ensuring that no contracts are entered into for which budget provision within the Capital Programme has not been made
- preparing bid submissions to appropriate funding bodies

3.4 **Monitoring of Capital Income and Expenditure**

3.4.1 Having set a Capital Programme to achieve its Capital Strategy it is important to monitor the performance of actual physical progress, income and expenditure against the Programme. This is a continuous process to ensure that resources are used to their best effect and not lost, as some external funding is limited to specific financial years. In relation to Capital income, which can take the form of grants or credit approvals, it is important to ensure that all income is received and accounted for within the right financial year. Physical progress should be monitored, as this is a leading indicator of real expenditure on schemes. The analysis of differences between expected spends and actual should enable budget holders to ensure that appropriate action to bring budgets back on track is taken. If this is not possible then the relevant Assistant Chief Fire Officer will need to consider transfers to or from other budgets within their control. If this is not possible then the Treasurer should be informed to enable the programme to be rebalanced.

3.4.2 Responsibilities of the Treasurer:

- ensuring that monitoring reports are available to budget holders
- reporting on major differences or trends that have a significant impact on the overall finances of the Authority
- ensuring so far as possible the overall Programme is balanced and that the Authority suffers no loss of resources
- providing the Chief Fire Officer and Assistant Chief Fire Officers with appropriate advice and guidance

- 3.4.3 Responsibilities of Chief Fire Officer and Assistant Chief Fire Officers:
- ensuring that adequate budget provision exists for all expenditure prior to it being incurred
 - ensuring that each detailed budget has a nominated budget holder
 - monitoring projects and their budgets within their service areas
 - informing the Treasurer of any major differences of actual from planned income or expenditure
 - managing the contracting process for building works
 - monitoring projects physical and financial performance and take action as necessary
 - managing the disposal of assets in accordance with the Authority's approval

3.5 Treasury Management

3.5.1 The Authority is responsible for very significant cash flows arising from its capital and revenue activity. The Authority must therefore adopt the highest standards in the management of these sums and flows. The Chartered Institute of Public Finance and Accountancy maintains a Code of Practice, which meets these requirements and is adopted by the Authority.

3.5.2 Responsibilities of the Treasurer:

- ensuring that the CIPFA Code of Practice is adopted and maintained
- proposing to the Authority a Treasury Management Strategy within the Code of Practice
- implementing the Treasury Management Strategy
- making administrative decisions within the Treasury Strategy
- administering all leasing arrangements for goods

3.6 Risk Management and Insurance

3.6.1 All organisations face risk to people, property, and continued service delivery, which can result in injury, damage, and loss. Where the Authority is culpable this can result in a financial claim. The Authority also has Health and Safety duties, which need to be considered. To mitigate risks the Authority has robust Risk Management arrangements in place.

3.6.2 The Authority recognises that risk cannot be completely removed and therefore mitigates the financial consequences of risk occurring by arranging appropriate insurance. The level of insurance cover reflects an assessment of risk and the cost of insurance cover. The Authority procures a specialist Insurance Advisor to ensure effective and appropriate insurance arrangements are in place.

3.6.3 Responsibilities of the Assistant Chief Fire Officer Strategic Planning and Resources, in consultation with the Treasurer:

- procure a specialist Insurance Advisor to support the Authority ensure effective and appropriate insurance arrangements are in place
- implement the Risk Management Framework
- make administrative decisions within the agreed insurance arrangements.

 - deal with any claims that arise via Health & Safety processes, speedily and effectively, notifying the insurance provider in relation to insured risks
 - operate and maintain an effective claims handling database

3.7 Pay Policy Statement

3.7.1 Pay for staff forms a significant element of the Fire Authority's annual budget. Legislation under the Localism Act 2011 requires that the Authority approves, before 31st March each year, a Pay Policy Statement for the following financial year. This ensures that the Fire Authority is open and accountable about their local pay policies.

3.7.2 Responsibilities of the Legal Adviser and Monitoring Officer:

- ensuring that a Pay Policy Statement is approved by the Authority by 31st March immediately preceding the financial year to which it relates
- ensuring that decisions on pay comply with the current approved policy

3.7.3 Responsibilities of the ACFOSPR:

- reviewing, at least annually, the Authority's Pay Policy Statement in consultation with the Treasurer and Monitoring Officer
- ensuring that the Pay Policy Statement is amended and approved in-year if amendment is required
- making and confirming decisions on pay in accordance with the current policy
- ensuring that the Authority considers and approves a Pay Policy Statement prior to the year to which it relates and the current policy is published in accordance with Government guidance

3.8 Role of Audit

3.8.1 External audit is an essential part of the process of accountability for public money. It makes an important contribution to the stewardship of public resources and the corporate governance of public services.

3.8.2 To give an independent opinion on public bodies' financial statements and may review, and report on, aspects of the arrangements put in place by public bodies to ensure the proper conduct of their financial affairs and to manage their performance and use of resources. Because of the special accountabilities attached to public money and the conduct of public business, external audit in the public sector is characterised by three distinct features:

- auditors are appointed independently from the bodies being audited;
- the scope of auditors' work is extended to cover not only the financial statements, but also aspects of corporate governance and arrangements to secure the economic, efficient and effective use of resources; and
- auditors may report aspects of their work to the public and other key stakeholders.

- 3.8.3 The Head of Internal Audit plays a critical role in delivering the Authority's strategic objectives by:
- championing best practice in governance, objectively assessing the adequacy of governance and management of existing risks, commenting on responses to emerging risk and proposed developments
 - giving an objective and evidence based opinion on all aspects of governance, risks management and internal control
 - being a senior manager with regular and open engagement across the authority, particularly with the Leadership Team and with the Audit Committee
 - leading and directing an internal audit service that is resourced to be fit for purpose; and being professionally qualified and suitably experienced

Financial Administration

4.1 Financial Systems

- 4.1.1 The Authority needs to have in place sound financial systems. The complexity of the Authority will often mean that specialist systems are required for specific service areas. Equally the Authority needs to prepare financial accounts based upon its detailed accounting information and records. This requires a corporate financial system to ensure that probity is achieved.
- 4.1.2 The Treasurer is responsible for operating and maintaining a corporate financial accounting system and monitoring and approving all subsidiary financial systems.
- 4.1.3 The Chief Fire Officer and Assistant Chief Fire Officers are responsible for operating those financial systems within their Directorate in accordance with the procedures agreed with and notified by the Treasurer; and maintaining adequate supporting information where applicable within their Directorate.

4.2 Format of Accounts

- 4.2.1 The Authority is required by law to compile annual accounts complying with the relevant Accounting Code of Practice.
- 4.2.2 Responsibilities of the Treasurer:
- ensuring that accounts are prepared on time and in accordance with the necessary legal and professional requirements

4.2.3 The Chief Fire Officer and Assistant Chief Fire Officers are responsible for providing the Treasurer with information sufficient to enable them to prepare the accounts and submit grant claims and for maintaining appropriate up to date records.

4.3 Taxation

4.3.1 The Authority is subject to Tax and as such needs to ensure that its taxation affairs are efficient. Taxation of Local Authorities is complex and there is significant scope for penalties, which need to be minimised.

4.3.2 Responsibilities of the Treasurer:-

- ensuring that the Authority's taxation affairs are maintained on a timely basis, with due regard to the complex and changing legislation
- liaising with the relevant Government Departments and Agencies in relation to Taxation
- providing Assistant Chief Fire Officers with advice in relation to Taxation issues
- ensure that the corporate payroll and accounting systems deal correctly with taxation

4.3.3 The Chief Fire Officer and Assistant Chief Fire Officers are responsible for ensuring the Treasurer is informed of any changes, which can materially affect the Authority's Taxation position.

4.4 Budget Transfers & Contingencies

4.4.1 The Authority sets budgets for both Revenue and Capital expenditure. Circumstances can and do change that result in those detail budgets becoming outdated. It is necessary, to ensure good financial management, that flexibility exists to allow transfers of resources. For revenue this needs to cover:

- detailed transfers between types of expenditure
- detailed transfers between Directorates within the Chief Fire Officer's control
- transfers from Revenue to Capital
- transfers of underspends to the following financial year
- transfers of resources into and from Specific Provisions.

4.4.2 Whilst for Capital this needs to cover transfers between projects and transfers from Capital to Revenue.

4.4.3 The following budget transfers are allowable as an integral aspect of the financial administration of the Authority's service delivery without specific Authority decisions:

- The Chief Fire Officer has primary responsibility for ensuring budgetary control. Each Budget should be the responsibility of a designated Budget Holder as agreed between the Treasurer and the Chief Fire Officer. The Budget Holder is responsible for managing expenditure and income in accordance with budgetary provision.

- Each Budget Holder may vire between “non-pay” detailed budgets (i.e. premises, supplies and services, fees and charges) within an activity an amount up to £2,000 or 5% of a budget, whichever is the greater with the consent of the Chief Fire Officer. All such virement should be notified to the Treasurer. Any diversion in excess of the above amounts requires the approval of the Authority.
- Virement involving “pay” budgets up to £2,000 or 5%, whichever is the greater and within an activity requires the approval of both the Chief Fire Officer and the Treasurer.
- Non-recurring expenditure of up to £7,499 is permitted to support Operational Assurance Action Group initiatives as long as it is approved by the relevant Assistant Chief Fire Officer and can be accommodated within existing budgets. Expenditure in excess of £7,500 requires the approval of the ACFO SPR.
- The Chief Fire Officer may vire between detailed budgets within the detailed activities any amount up to a maximum of £500,000 provided that the original detailed budget remains available to cover commitments attributable to that Budget Head, after consultation with the Treasurer. Amounts in excess of these limits require the approval of the Authority.

- 4.4.4 Transfers both ways between Revenue and Capital are allowed subject to continued service delivery.
- 4.4.5 In addition to the above the Chief Fire Officer in consultation with the Treasurer can transfer resources into and from Reserves and Provisions and make technical budget adjustments necessary to allocate grant resources and comply with grant conditions.
- 4.4.6 In relation to Capital the Chief Fire Officer in consultation with the Treasurer may transfer resources from one project to another subject to a maximum of £5,000 for projects up to £50,000 and up to £50,000 or 10% on projects over £50,000 whichever is the lower.
- 4.4.7 All transfers must be notified to the Treasurer for his agreement prior to his actioning those transfers in the Accounting System.
- 4.4.8 All transfers must leave the originating budget with sufficient funds to meet its commitments within that financial year.
- 4.4.9 The Treasurer is responsible for maintaining and administering the scheme of budget transfers and contingencies and issuing guidance on the appropriateness of use of such reserves and provisions as may be requested.
- 4.4.10 The Chief Fire Officer and Assistant Chief Fire Officers are responsible for ensuring that the Treasurer is informed of any changes, which require a budget transfer.

Contract Procedure Rules

1. Introduction

- 1.1 As a public body using public resources Cleveland Fire Authority must set and follow the highest possible standards of financial control and stewardship. These Contract Procedure Rules (CPR) give Elected Members and employees, procedures to follow which ensure the Authority's expected standards are met in relation to the procurement of goods, works and services for Cleveland Fire Authority and its Brigade.
- 1.2 These rules ensure that value for money is obtained, statutory requirements are met in terms of United Kingdom (UK) procurement law 'The Procurement Act 2023', and that the Authority's affairs are managed prudently and in an appropriately controlled and transparent manner. These rules will be subject to any relevant directives at the time being in force in the UK.
- 1.3 These procedures are standing orders made pursuant to Section 135 of the Local Government Act, 1972, relating to contracts and are referred to as the Contract Procedure Rules.

2. Application of Contract Procedure Rules (CPR)

- 2.1 These CPR apply to every contract for the supply of goods, materials, or services or for the execution of works, so far as they are relevant to a contract of the type determined by the Authority, except as provided in 2.2 below.
- 2.2 In accordance with schedule 5 of the 'Procurement Act 2023', these CPR may not apply to contracts for the execution of works or the provision of services in which the professional knowledge and skill of suppliers is so specialised that it has a sole source or is limited in availability. Each occurrence will be gauged on its own individual merit.
- 2.3 No exception from any of the rules shall be made otherwise than by direction of the Authority or in cases of unforeseeable emergencies involving immediate risk to persons, property or serious disruption to Brigade services, through the Chief Fire Officer in consultation with the Legal Advisor and Monitoring Officer (and where necessary or where otherwise desirable with the Authority's Section 151 Officer). A record of a decision of any exception from any of the provisions of these CPR shall be compiled by the above officers in consultation with the Chair of the Authority and reported to the Authority's Executive Committee at the next available meeting or otherwise be included within a quarterly report of exceptions, which shall identify the case or urgency by which the exception shall have been justified.
- 2.4 For the purposes of any financial limit referred to in these rules, if the application of the rules to a particular contract cannot be identified until after opening of any tender, the value of the contract shall be as estimated by the Chief Fire Officer in consultation with the Head of Procurement (or equivalent) and where necessary with the Section 151 Officer. If the value of the contract exceeds or could potentially exceed Higher Value thresholds the tender process should follow the relevant Higher Value procedures and timetables.
- 2.5 The letting of any contract shall also comply with any legislation or regulations relevant to the contract, in particular the Procurement Act 2023 (and any amendments or revisions thereto), Health and Safety Regulations, the Authority's Financial Procedure Rules and the Authority's Procurement Strategy.
- 2.6 In respect of any contract to which, for whatever reason, the procedures set out in these rules do not apply, there shall be followed a procedure which:
- has been determined and recorded prior to its commencement
 - ensures a level of competition consistent with the nature and value of the contract
 - is transparent and auditable
 - provides value for money, and
 - records the reasons for choosing the successful supplier
- 2.7 **The Public Services (Social Value) Act 2012** places a statutory requirement on public Authority's to consider the economic, social and environmental benefits of their approaches to procurement.

- 2.8 When preparing to procure or making arrangements for procuring a service contract or the carrying out of works where the estimated total contract value exceeds the Higher Value threshold, then consideration must be given to how the contract might improve the economic, social and environmental well-being of the Cleveland Fire Area as required by the 2012 Act.
- 2.9 At the outset of any procurement exercise the Authority must therefore consider:
- how what is proposed to be procured might improve the economic, social and environmental well-being of its area, and
 - how, in conducting the process of procurement, it might act with a view to securing that improvement
 - whether to undertake any consultation as to the matters that fall to be considered under the above.

3. The Principles of Tendering

- 3.1 In order to demonstrate value for money a competitive exercise should be carried out between potential suppliers. Tender and quotation exercises will be transparent and fair.
- 3.2 All potential suppliers invited to submit tenders or quotations shall be provided in all instances with identical information and instructions. Where considered appropriate the Chief Fire Officer may permit potential suppliers to also submit variant tenders and quotations (i.e. tenders or quotations which do not comply with some or all of the requirements of the primary tender or quotation). The same opportunity to submit variant tender or quotation must be given to all potential suppliers.
- 3.3 The Chief Fire Officer shall ensure that records of all tenders and quotations received are kept in line with the Brigade's Record Management Policy.
- 3.4 Procurement activities will reflect the fact that suppliers are dealt with in an impartial, legal and ethical manner.

4. Procurement Team Involvement

- 4.1 Brigade personnel will utilise the Procurement Team where any purchasing requirement is over the £7.5k threshold or where any requirement under the £7.5k threshold has an ongoing contract term and associated Terms and Conditions.
- 4.2 The Authority's Procurement thresholds are defined within section 7 and Appendix 1.

5. Whole Life Costing

- 5.1 Before any Procurement exercise commences, the procurement lead must calculate its estimated value in accordance with the following;
- 5.1.1 Where the contract period is fixed the estimated value shall be the total estimated maximum value of the supplies, services or works to be supplied over the period covered including any extensions to the contract.

- 5.1.2 Where the contract period is unknown, the estimated value shall be calculated by multiplying the estimated annual value by 4.
- 5.1.3 For feasibility studies the estimated value shall be the value of the scheme or contracts which may be awarded as a result.
- 5.1.4 Where the Authority leads on any collaborative procurement and where any other Authority contributes to the total value of that procurement, it is the estimated total value that should be applied in determining the correct procedures to be applied under these rules.

6. Disaggregation

- 6.1 A procurement opportunity should not be sub-divided for the purpose of reducing the total value of the contract. For example if the procurement requirement was £18,000 then this cannot be split into three smaller opportunities quite simply to bring the requirement into the lower value threshold.
- 6.2 Disaggregation can be defined simply as the separation of a purchase into several smaller purchase requisitions or contracts to avoid thresholds and competitive procedures.

7. Procurement Thresholds and Routes to Market

- 7.1 The following procurement thresholds should be based on the whole life cost of the required goods/services/works as identified in section 5 and must take into account all aspects of the procurement including any additional costs such as annual maintenance, system upgrades etc.
- 7.2 Full details of each of the below processes associated with the thresholds are contained within Appendix 1 – Route to Market Process Map.

NB. As a result of procurement policy note 10/21 'Thresholds and the calculation of Vat' the whole life contract value estimation should be inclusive of VAT (where applicable) from 1 January 2022. This notice in conjunction with record levels of inflation has led to the below thresholds being increased at the lower value and quotation level.

Procurement Requirements below £7,500

- 7.3 Where the procurement requirement is below £7,500, is not covered by an existing contract and has no ongoing contract term, a purchase order can be placed directly by the budget holder with the selected supplier.

Procurement Requirements between £7,500 and £30,000 (Goods, Services) or between £7,500 to £50,000 (Works)

- 7.4 Goods and Service requirements between £7,500 and £30,000 or Works between £7,500 to £50,000 will be managed by the Procurement team via a competitive quotation process whereby at least 3 formal quotations must be obtained via e-tendering.

- 7.5 Brigade Personnel should engage with the Procurement Team to ensure appropriate procurement planning takes place, development of bid documentation.

Procurement Requirements between £30,000 and £214,000 Higher Value threshold (Goods, Services) or between £50,000 to £5.3m Higher Value threshold (Works)

- 7.6 Goods and Service requirements between £30,000 and £214,000 or Works between £50,000 to £5.34m will be managed by the Procurement team via a competitive procedure either through a suitable framework or open tender via e-tendering.

- 7.7 Brigade Personnel Units should engage with the Procurement Team to ensure appropriate procurement planning takes place, development of bid documentation.

Procurement Requirements above Higher Value thresholds (Goods, Services and Works)

- 7.8 Goods, Service and Works requirements above Higher Value thresholds will be managed by the Procurement team via a competitive procedure either through a suitable framework or full tender procedure via e-tendering.

- 7.9 Brigade Personnel should engage with the Procurement Team to ensure appropriate procurement planning takes place, development of bid documentation.

8. Procurement through Framework Agreements

- 8.1 If the Chief Fire Officer considers it appropriate to maintain an internal framework of suitable suppliers or participate in collaborative framework agreements for particular types and/or values of work the following procedure shall apply:

- 8.2 Where the Authority has entered into a framework agreement for the provision of specific goods, services or the execution of works then that framework agreement must be used to purchase those specific goods, services or the execution of works.

- The provisions for tendering regarding procedures, specifications, selection and contract award
- The agreement may be with a single supplier or several, if several then there should be a minimum of three.

Introduction to external frameworks

- 8.3 A procurement framework is an agreement put in place with a provider or range of providers that enables the Authority to either place orders direct for goods and services (direct award without competition) or run a further competition process (Call off) for goods and services with the framework suppliers.
- 8.4 The purpose of procuring through a framework is to enable the Authority to award contracts (Either direct award or further competition) without going through a full

procurement process which can be costly and time consuming especially at Higher Value threshold level.

- 8.5 Framework procurement provides direct access to a supply base that is tested on capability, experience and cost modelling; Procuring this way creates efficiencies within the Procurement process and also as the majority of framework agreements are priced on volume further economies of scale can be leveraged through increased buying power.

When external framework agreements should be used

- 8.6 The procurement team will always endeavour to advise on the most efficient and compliant route to market for any Procurement requirement; should a framework agreement be identified as a potential route to market, the below assessment will be carried out on the framework agreement by the Procurement Lead.
- Does the framework agreement offer the right supplier base to meet the particular requirement? (e.g. it may be that if the framework agreement has been in place for a considerable time then a full procurement exercise may provide innovation from any new suppliers to the market).
 - Does the framework agreement offer the right level of choice in terms of the goods, services or works available (e.g. new products may have entered the market since the framework was established)
 - Is pricing under the framework agreement still considered competitive (e.g. a framework agreement could have been established at a time when relevant market prices were high). In the event of a contracting market, prices may become more competitive.
 - Are the terms and conditions that apply under the framework agreement acceptable? (e.g. for any complex procurement requirement in relation to certain services the terms applying to call offs under the framework may envisage relatively straightforward requirements). As the terms and conditions must not be the subject of further substantive negotiation, it may be that there is a requirement to conduct a full procurement on the basis of a more appropriate set of terms and conditions
- 8.7 The final justification and business rationale for the route to market will be recorded on a 'Contract Preliminaries' form and approved by the Procurement Manager, with the contract award recommendation approved in line with the scheme of delegation.

Framework Compliance

- 8.8 In order to use an external framework, the framework terms must clearly identify that the Authority can participate and use the framework agreement: this can either be identified by name or specific class of contracting Authority.
- 8.9 The framework itself must have been established in full accordance with the Procurement Act 2023 or the Public Contract Regulations 2015.
- 8.10 Confirmation that the particular goods, services, works required are available under the framework agreement (i.e. within the scope of the framework agreement as originally advertised).

- 8.11 A framework agreement must not be used in such a way as to prevent, restrict or distort competition. It must also comply with the general principles of non-discrimination, proportionality, transparency and equal treatment. (e.g. when undertaking any call offs under a multiple provider framework agreement it is important that the process is transparent to all relevant suppliers and that everyone is treated equally).
- 8.12 Where the Authority is able to ‘call off’ from existing Framework Agreements provided by other public sector bodies (such as the Crown Commercial Services, purchasing consortia) then the Authority may benefit from using these Framework Agreements without entering into a separate procurement exercise. In such cases, advice should be sought from the Legal Advisor and Monitoring Officer. Contracts based on a Framework Agreement must be for the maximum duration of four years.
- 8.13 However, in some (albeit exceptional) cases, in accordance with chapter 4 of the Procurement Act 2023 individual contracts placed under a framework may need to extend for longer than four years. (e.g. Procurement of goods and services such as vehicle leasing where a longer term contract would offer greater efficiencies and return on investment; further examples would be where maintenance of equipment with an expected useful life of more than four years is included or where extensive training of staff to perform the contract is needed”);
- 8.14 Contracts through a framework agreement can be awarded by either:
- applying the terms provided in the Framework Agreement (where such terms are sufficiently precise to cover the particular ‘call off’) without re-opening competition; or
 - where the terms prescribed in the Framework Agreement are not precise enough or complete (for the particular ‘call off’), holding a mini competition in accordance with the rules for mini-competitions and the following procedures:
 - inviting all suppliers within the Framework Agreement that are capable of executing the subject of the contract to submit written tenders, and
 - fixing a time limit sufficient to allow tenderers for each specific contract to be scrutinised, taking into account factors such as the complexity of the subject of the contract, and
- 8.15 Awarding each contract to the tenderer who has submitted the best tender on the basis of the award criteria prescribed in the Framework Agreement In order to ensure a consistent and compliant application of procurement via frameworks, all sourcing activity through frameworks (regardless of whole life cost) will be managed centrally by the Procurement team.
- 8.16 Framework consortia and procurement activity through framework agreements will be regular reviewed by the Procurement team to ensure value for money and commercial benefit is being achieved

Available Frameworks

- 8.17 In order to ensure a consistent and compliant application of procurement via frameworks, all sourcing activity through frameworks (regardless of whole life cost) will be managed centrally by the Procurement team.

- 8.18 The Authority is either members or associate members of the following Procurement consortia which ensure direct access to their framework agreements.

Consortia	Type	Solutions
NEPO (North East Procurement Organisation)	Goods, Services, Works	Construction, Energy, Facilities Management, ICT, Fleet, Food, Professional services, Social care.
ESPO (Eastern Shires Purchasing Organisation)	Goods, Services	Facilities Management, Waste & environment, fleet & highways, HR, Safety & security. IT hardware & software
YPO (Yorkshire Purchasing Organisation)	Goods, Services	Control & restraint, Verification software, Uniform, Incident command control software, Laundry, Smoke Alarms, Training.
CCS (Crown Commercial Services)	Goods, Services, Works	Construction, energy, Facilities management, recruitment solutions, ICT hardware & software, professional services.
NHSBS (NHS Business Services)	Goods, Services	Audit services, bill validation, construction consultancy, IT solutions, managed print, legal services, travel management.

- 8.19 The above list is not an exhaustive list and does not include any frameworks that are available to the Authority which have been let by other emergency services organisations and the National Fire Chiefs Council.

Review of frameworks

- 8.20 Framework consortia and procurement activity through framework agreements will be regular reviewed by the Procurement team to ensure value for money and commercial benefit is being achieved

9. Contract Opportunities, Public Notices

- 9.1 All procurement exercises where the estimated value of £25,000 or more must be advertised on Contracts Finder within 24 hours of the time when the Procurement is advertised via the Authority's e-tendering portal or website. Procurement exercises over the relevant Higher Value threshold must be advertised on find a tender as well as contracts finder.

<https://www.gov.uk/contracts-finder>

<https://www.find-tender.service.gov.uk/Search>

- 9.2 For all proposed Contracts which are advertised a period of at least ten working days should be allowed between the date when an Invitation to Tender becomes available to all bidders and the opportunity closing date.

- 9.3 The Contract Opportunity Publication must express the nature and purpose of the Procurement Exercise, stating where further details may be obtained, how and to whom an interested supplier is to respond and any other requirements such as suitability requirements or explanatory information.
- 9.4 If the Estimated Value exceeds the relevant Higher Value threshold the Procurement lead must ensure that the Contract Opportunity Publication is first published on the find a tender portal and then on Contracts Finder.
- 9.5 The advertisement of any contract opportunity does not apply in relation to the below:
- purchase by auction
 - the work to be executed or the goods, materials or services to be supplied consist of repairs to or parts for existing machinery or plant
 - purchase or repair of patented or proprietary article or articles sold only at fixed price
 - the goods, materials or services to be purchased are such that effective competition is prevented by government control
 - the prices of the goods, materials or services to be purchased are controlled by a trade organisation or for other reasons there would be no genuine competition
 - the goods, materials or services to be purchased can be obtained by use of a public authority's previously tendered contract, providing that it is clearly stated in the scope of the contract that it is available for Cleveland Fire Authority to use
 - the goods, materials or services are to be purchased by agreement with one or more public Authorities. However, in this case, by prior agreement, the contract procedure rules of one of the participating Authorities are to be adopted, e.g. collaboration/partnering

10. Transfer of Undertakings (Protection of Employment) Regulations, 2014 (TUPE)

- 10.1 Officers undertaking procurement activity must consider any potential implications of TUPE at the earliest possible stage of the procurement process. The Chief Fire Officer and Legal Advisor and Monitoring Officer must be consulted as soon as potential TUPE issues have been identified.

11. Off payroll working

- 11.1 The requirement of the 2021 off-payroll tax rules commissioned by HMRC is that all companies must take 'reasonable care' when assessing if an employee working under a contract is inside or outside of IR35 tax legislation. (IR35 refers to the UK's anti-avoidance tax legislation designed to tax 'disguised' employment at a rate similar to employment).
- 11.2 The 2021 legislation change effectively means that if the Authority is engaging a service involving a person then the Authority must ensure that the correct checks have been undertaken ahead of the contract engagement being made.
- 11.3 The Brigade's Procurement Team is responsible for ensuring compliance through the assessment of contract preliminaries information using the CEST (Check Employer

Status for Tax) HMRC online portal. The outcome from this assessment will determine the treatment of inside/outside IR35, e.g. a creditor or Off-Payroll PAYE deduction.

- 11.4 The Authority's suite of tender documents include suitable organisational questions that further assess the supply base for any IR35 implications.

12. Subsidy Control

- 12.1 Under the provisions of The Subsidy Control Act 2022, public authorities which provide financial assistance in the form of a "subsidy" need to comply and observe the United Kingdom's domestic and international commitments.

- 12.2 "Subsidy" under the Act is defined as follows:

Financial assistance which—

- (a) is given, directly or indirectly, from public resources by a public authority,
- (b) confers an economic advantage on one or more enterprises,
- (c) is specific, that is, is such that it benefits one or more enterprises over one or more other enterprises with respect to the production of goods or the provision of services, and
- (d) has, or is capable of having, an effect on—
 - (i) competition or investment within the United Kingdom,
 - (ii) trade between the United Kingdom and a country or territory outside the United Kingdom, or
 - (iii) investment as between the United Kingdom and a country or territory outside the United Kingdom.

A public authority—

- (a) must consider the subsidy control principles before deciding to give a subsidy, and
- (b) must not give the subsidy unless it is of the view that the subsidy is consistent with those principles.

- 12.3 The "subsidy control principles"

12.3.1 Common interest

Subsidies should pursue a specific policy objective in order to—

- (a) remedy an identified market failure, or
- (b) address an equity rationale (such as local or regional disadvantage, social difficulties or distributional concerns).

12.3.2 Proportionate and necessary

Subsidies should be proportionate to their specific policy objective and limited to what is necessary to achieve it.

12.3.3 Design to change economic behaviour of beneficiary.

Subsidies should be designed to bring about a change of economic behaviour of the beneficiary. That change, in relation to a subsidy, should be

- (a) conducive to achieving its specific policy objective, and
- (b) something that would not happen without the subsidy.

12.3.4 Costs that would be funded anyway

Subsidies should not normally compensate for the costs the beneficiary would have funded in the absence of any subsidy.

12.3.5 Least distortive means of achieving policy objective.

Subsidies should be an appropriate policy instrument for achieving their specific policy objective and that objective cannot be achieved through other, less distortive, means.

12.3.6 Competition and investment within the United Kingdom

Subsidies should be designed to achieve their specific policy objective while minimising any negative effects on competition or investment within the United Kingdom.

12.3.7 Beneficial effects to outweigh negative effects

Subsidies' beneficial effects (in terms of achieving their specific policy objective) should outweigh any negative effects, including in particular negative effects on

- (a) competition or investment within the United Kingdom;
- (b) international trade or investment.

12.4 Guidance on the UK's international subsidy control commitments (Updated 9 June 2023) provides an indicative list of important factors to consider when assessing compliance with the UK's international obligations;

a) Value of the subsidy

High value subsidies are more likely to raise concerns. Lower value subsidies are unlikely to carry an appreciable risk of WTO (World Trade Organisation) action given the resources required to bring a claim and the political context surrounding WTO disputes. However, there is no legal exemption from challenge through the WTO for low value subsidies. High value subsidies are also more likely to raise concerns through the TCA (UK-EU Trade and Co-operation Agreement) or other FTAs (Free Trade Agreements).

b) Historically sensitive sectors

There are a small number of 'historically sensitive' sectors which have previously been the focus of WTO action. If a subsidy is targeted at these sectors this is likely to

increase the risk of a dispute through the WTO or elsewhere. Examples of these sectors include steel, automotive and aerospace.

c) International competitors

If enterprises within the sector at which the subsidy is targeted usually compete with companies from outside the UK this will increase the risk of a dispute. This applies to all sectors of the economy and not just 'historically sensitive' sectors. Public authorities should consider both the number of international competitors but also the size of those firms and the importance to their country's economy.

d) Impact on trade

Public authorities should consider whether the subsidy they are proposing may impact the sales volumes, prices or profits of international producers of similar goods, in the UK or foreign markets. If a subsidy impacts international producers in this way it will increase the risk of a dispute. In the case of the TCA, impact on investment should also be considered.

13. Receipt of Tenders, Quotations

- 13.1 Subject to 13.2 below, all quotations and tenders will be submitted via the Authority's e-tendering platform to ensure a full and transparent audit trail, all quotations and tenders are registered when received and left unopened until the due time and date. (This is automatic with the e-tendering system).
- 13.2 Any collaborative procurement exercise where the framework provider has run a procurement exercise on the Authority's behalf or where the Authority has used a direct digital solution (such as the governments digital marketplace) then this will follow the same principles as section 13.1. (Tenders/quotations received via email or direct from a digital solution will be registered/approved in accordance with the delegated authority matrix. (Referenced within section 4).

Late Tenders

- 13.3 A Quotation or tender received late but before the other tenders have been opened may be considered if there is evidence of technical difficulties within the e-tendering system which ensured that the bidder could not submit their proposal.
- 13.4 A tender rejected due to late delivery or other valid reason will not be opened and the bidding organisation will be informed after the analysis process.

Errors in Tender, Quotation Submissions

- 13.5 When the Procurement Lead finds an error in a submission, the bidder will be advised that an error may exist in their offer and be given the opportunity to:
- Confirm that the submission stands in its current form.
 - Withdraw the submission.
 - Correct that part of the submission that is in error within a specified time frame.

- 13.6 No request by a supplier to amend a submission after the return date shall be accepted.

14. Evaluation of Tenders/Quotations

- 14.1 All award criteria and sub-criteria together with weightings and sub-weightings must be disclosed within every competitive bid package.
- 14.2 An evaluation must be made of all tender or quotation responses by an evaluation panel. The number of people on the evaluation panel will be a minimum of two (2) but can vary depending on the type and complexity of the Contract.
- 14.3 Any collaborative procurement exercise must follow the same principles of evaluation and also the same governance procedures with regard to contract sign off and approval.
- 14.4 The Authority will evaluate and award Contracts to the Supplier(s) it considers offers the best value having regard to both price and quality factors. This ensures the Contract is awarded to the Supplier best able to meet the Authority's requirement, specification and budget.

15. Post Tender Negotiation and Clarification

- 15.1 Negotiation can be used when deemed advantageous to the competitive process.
- 15.2 When negotiation is employed it should be conducted with short-listed bidders and a record of each negotiation maintained.
- 15.3 Negotiation focusing only on price will not be used during the tender process. During any Higher Value Procurement Process the Procurement Lead can enter "Clarification" discussions to understand technical and operational issues of the offer that may result in a change to the cost of the contract.
- 15.4 During the negotiation and clarification process the Procurement Lead must ensure impartiality to all tenderers invited to negotiate.
- 15.5 Negotiation will be utilised **by trained Procurement personnel** and will be used to enhance better value of goods and services.
- 15.6 It is unethical in negotiation practice for tenderers commercial information to be used as a lever to reduce other offers.

16. Acceptance of Tender

- 16.1 The Quotation or Tender for a Contract which has been assessed in accordance with the published award criteria, the preferred Quotation or Tender may be recommended for acceptance by the Procurement Lead.
- 16.2 If for any reason a preferred Quotation or Tender is withdrawn or ceases to be preferred before it has been accepted, the Procurement Team Lead may recommend another Quotation or Tender for acceptance.

- 16.3 Where the Cost of a Contract is above the Higher Level threshold, before a Tender for the Contract is accepted, between notification of the provisional award decision to suppliers who submitted Tenders and the date on which the successful Tender is accepted there shall be a standstill period of 8 working days.
- 16.4 All contracts recommended for approval must be approved by the Authority's contract governance group and executive committee for any above the Higher Value threshold before any engagement with the successful/unsuccessful suppliers commences.

17. Signature of Contracts

- 17.1 The Authority's Legal Advisor and Monitoring Officer shall be the agent of the Authority to sign on behalf of the Authority all contractual documents (including Licences and external Service Level Agreements) agreed to be entered into by or on behalf of the Authority. The Authority's Monitoring Officer authorises contracts up to the value of the High Value threshold.
- 17.2 Contracts which are for a value of the Higher Value threshold or more shall be either:
- executed by the Authority's Monitoring Officer, or,
 - executed under the Authority's seal
- 17.3 No contract for a value of the Higher Value threshold or more will be signed without the approval of the Authority's Executive Committee.

18. Contracts to be in Writing

- 18.1 All contracts shall be the subject of an Authority order or other formal contract and shall specify (a) the work, materials, matters or things to be furnished, had or done; (b) the price to be paid, with statement of discounts or other deductions; and (c) the time or times within which the contract is to be performed.

19. Notification of Contract Award

- 19.1 The Procurement Team Lead must notify the successful Tenderer of the acceptance of their Tender and for all Procurement Exercises with an Estimated Value of £7,500 or more this notification must be in writing.
- 19.2 Where a Contract with an Estimated Value of £25,000 or more is awarded the Authority must publish information as required by chapter 3 of the Procurement Act 2023 within a reasonable timescale.
- 19.3 Where the Authority has awarded a contract via a Framework and the value is over £25,000 or more than a contract award notice must also be placed in contracts finder.

20. Placement of Purchase Orders

- 20.1 Purchase orders will be placed with suppliers using the Brigade's Finance system, this requires a requisition to be placed by the relevant Brigade budget holder, and an authorisation dependent upon the value of the order.

- 20.2 Approval limits have been applied within the Finance system to reflect appropriate post holders and their position of authority within the Brigade. These do not correspond directly to the procurement thresholds as defined in section 7, although they are broadly similar, as due diligence has already been secured through the procurement process and not all Brigade staff are users of the Finance system. i.e. the most appropriate personnel will replicate the procurement decisions already approved, within the Finance system, only to create an Official Purchase Order.
- 20.3 Finance system approvals are allocated based on the below table and are reviewed in line with the procurement thresholds set in Section 7.

Individual	Approval Limit
Requisitioners	£7,500
Procurement Officers and Stock Controllers	£30,000
Procurement Manager	£214,000
Head of Finance & Procurement	£1,000,000

- 20.4 These individuals will verify that procurement processes have been followed, ensuring those with delegated powers for procurement approvals have authorised the requirement, prior to approving the purchase order in the Finance system.
- 20.5 Any adjustment to the above table requires the agreement of the ACFOSPR and can only be implemented in the Finance system by Hartlepool Council Systems Support Team.

21. Registers

- 21.1 A register of all Tenders received, and contracts subsequently placed shall be kept by the Chief Fire Officer. The register shall be open to inspection by any Elected Member of the Authority, the Legal Adviser and Monitoring Officer and the Treasurer and shall be regularly inspected by the Authority's Auditors.
- 21.2 The Authority is also required by law to publish ALL CONTRACTs over £7,500 on an electronic Contract Register.

22. Post Contract Variations

- 22.1 Any variation to extend the period or value of a Contract (other than those already provided for within the original terms of the Contract) may be approved by the procurement lead, where Best Value to the Authority can be demonstrated.
- 22.2 The Treasurer and the Monitoring Officer shall be consulted if approval of a proposed variation would mean that the Supplies, Services and / or Works to be added to or deleted from the Contract would render the Contract substantially different in scope and cost.
- 22.3 In relation to any such variation, the Contract Officer must ensure that before the variation is approved:

- The variation can be made without the Authority breaching Procurement Directives and any relevant English law;
- The Cost of the Contract after the variation is within the financial capability of the Authority
- Either that provision has been made for the cost of the variation in the Authority's approved budget or that appropriate adjustments to the budget are made in accordance with Financial Regulations.

23. Contract Management

23.1 Throughout the duration of a contract, the designated project manager, or, where no project manager has been appointed, the procurement team must monitor the contract/contractor in respect of:

- Performance

- Risk management

24. Contract Extensions

24.1 An extension to a Contract may only be permitted where the details of any extension provisions were included within the scope of the Contract, tender documents and contract notice (where relevant).

24.2 Prior to exercising a contractual right to extend a Contract, the Procurement Team Lead must ensure that approval from the appropriate Head of Service (or higher authority if this is deemed appropriate).

25. Contract Termination

25.1 No contract prior to its expiry date shall be terminated without first obtaining advice from the Legal Adviser and Monitoring Officer.

25.2 Where a contract is coming to its natural expiry and is no longer required, notification should be sent to the contractor by the Procurement lead.

26.1 When the Chief Fire Officer determines, under his delegated power to authorise the disposal of surplus supplies, that competitive Quotations or Tenders shall be sought, the Contract Officer shall seek to comply with the essence of Contract Procedure Rules.

26.3 The Contract Officer shall ensure compliance with any recycling, environmental protection, data security and / or electrical supply requirements arising from any disposal.

27. Liquidated Damages and Performance Bonds

27.1 Every contract which is deemed to be high risk in terms of business continuity, value or amount and is either for the execution of works or for the supply of goods, materials or services, shall, unless the Chief Fire Officer otherwise decides after consultation with the Authority's Legal Adviser and Monitoring Officer, provide for liquidated damages to be paid by the supplier in case the terms of the contract are not duly performed, and the Authority shall also require and take sufficient security for the due performance of any such contract. In the case of any such contract for the execution of works such security shall be provided by requiring the retention of a proportion of the contract sums payable until the work has been satisfactorily completed and maintained and, unless the Chief Fire Officer, after consultation with the Authority's Legal Adviser and Monitoring Officer considers it unnecessary in any particular case, additional provision of a bond for due performance.

28. Other Remedies for Breach

- 28.1 In every written contract for the supply of goods, materials or services which exceeds £7,500 in value or amount a clause shall be inserted to secure that, should the supplier fail to deliver the goods, materials or services or any portion thereof within the time or times specified in the contract, the Authority, without prejudice to any other remedy for breach of contract, shall be at liberty to determine the contract either wholly or to the extent of such default and to purchase other goods, or materials, as the case may be, of the same or similar description to make good (a) such default or (b) in the event of the contract being wholly determined the goods, materials or services remaining to be delivered.

The clause shall further secure that the amount by which the cost of so purchasing other goods, materials or services exceeds the amount which would have been payable to the supplier in respect of the goods, materials or services, as the case may be, replaced by such purchase if they had been delivered in accordance with the contract shall be recoverable from the supplier.

29. British Standards

- 29.1 Where an appropriate British Standards Specification or British Standard Code of Practice, issued by the British Standards Institution or Euronorm Standard, is current at the date of the tender, every contract shall require that, as the case may be, all goods and materials used or supplied and all workmanship shall be in accordance with that Standard.

- adjusting the amount of any proposed tender for the execution of the work in accordance with any agreement or arrangement by the proposed tenderer, and any person other than the person calling for tenders for the execution of such work.

31. Non-Involvement with Serious and Organised Crime

31.1 Where it is considered that the Authority is at risk from serious and organised crime through its procurement of goods, services or works, it shall include the following terminology where procurement requires advertisement or such other comparable public notice provision and in any invitation to tender (ITT);

- The bidder has not compiled or disseminated any “blacklist” which is intended to discriminate against workers on the grounds of their trade union membership or trade union activities.
- That it is understood that such activities are expressly prohibited by law and that should the bidder engage in such practices, the Authority has the right to exclude the bidder from tendering for any Fire Authority contracts.
- The bidder also warrants that they have not been convicted of any offence under the Employment Relations Act, 1999 (Blacklists) Regulations, 2010.

32.2 The Authority’s contract terms and conditions shall incorporate the following clauses;

‘Subject to the provisions of the Force Majeure clause in these terms and conditions, the Authority may terminate this contract with immediate effect by notice in writing to the contractor/supplier at any time, if the contractor/supplier is convicted of any offence under the Employment Relations 1999 (Blacklists) Regulations, 2010.

33. Modern Slavery

33.1 ‘Modern Slavery’ is a term which encapsulates slavery, servitude, forced or compulsory labour and human trafficking. Where a bidder is a commercial organisation (for the purposes of Section 54 of the Modern Slavery Act, 2015) it shall provide assurances to the Authority that there is transparency in that organisation’s supply chain through enforcement of its anti-slavery and human trafficking statement.

ANTI-FRAUD AND ANTI-CORRUPTION STRATEGY

1. INTRODUCTION

- 1.1 We (Cleveland Fire Authority) employ approximately 563 Employees and have a budget of approximately £27 million. As with other large organisations, the size and nature of our services puts us at risk of loss due to fraud and corruption both from within the Fire Authority and outside it.
- 1.2 The stewardship of public money is a fundamental responsibility for both elected Members and Employees. We are committed to making sure that the opportunity for fraud and corruption is reduced to the lowest possible risk. Where there is the possibility that fraud, corruption or other irregularities have occurred, we will deal with the issue in a firm and controlled manner.
- 1.3 An important part of Cleveland Fire Authority's approach is introducing an anti-fraud and anti-corruption strategy, which we will use to advise and guide Members and Employees on our approach to the serious issues of fraud and corruption. This document provides an overview of our strategy in this matter and includes a 'fraud response plan' which provides more detailed guidance on how to deal with instances of potential fraud and corruption.
- 1.4 In administering its responsibilities the Fire Authority is committed to the prevention of fraud and corruption. This strategy statement emphasises to all Employees the importance placed by the Fire Authority on probity, financial control and honest administration. The main message is that we expect all Members, Employees, Consultants, Contractors, and others, to be fair and honest, and to give us any help, information and support we need to deal with fraud and corruption.
- 1.5 The strategy set out in this document covers the following areas:
- Our written rules;
 - How we expect our Members and Employees to behave;
 - Preventing fraud and corruption;
 - Detecting and investigating fraud and corruption;
 - Training.

2. OUR WRITTEN RULES

- 2.1 We have a number of procedures and rules to make sure that our financial, working and organisational procedures are properly controlled. These are an important part of our internal control process, and it is important that all Members and Employees know about them.

- 2.2 The most important of these are as follows:
- Financial Procedure Rules)
 - Standing Orders) Constitution
 - Contract Procedure Rules)
 - Delegation Scheme)
 - Code of Conduct for Members)
 - Code of Conduct for Employees
 - Disciplinary and Grievance Procedures
 - Employees' Conditions of Service
 - Values and Behaviours Framework

- 2.3 The Fire Authority also recognises the high level of public scrutiny of its affairs by a variety of bodies including;
- Internal and External Audit
 - The Home Office
 - HM Revenue & Customs
 - The General Public;
 - Local and National Media.

The Fire Authority will positively respond to such scrutiny, demonstrating its commitment to this process, by effective liaison with External Audit and other statutory agencies to ensure that it achieves the required standards of probity.

- 2.4 Individual departments have also introduced their own measures, which are designed to control their activities. Examples include accounting control procedures, working manuals and operating procedures.
- 2.5 Senior Officers and Management must make sure that all Employees have access to these rules and regulations and that Employees receive suitable training.
- 2.6 Members and Employees must make sure that they read and understand the rules and regulations that apply to them, and act in line with them.
- 2.7 If anyone breaks these rules and regulations we may take formal action against them. This may include, in particular circumstances, ending their employment with the Fire Authority in respect of Employees and referral to the Legal Adviser and Monitoring Officer following receipt of a complaint in respect of Members. It will be the responsibility of the Monitoring Officer to deal with matters amounting to any infringement of the Code of Conduct, in conjunction with adopted procedures (Constitution).

3. HOW WE EXPECT AUTHORITY MEMBERS AND EMPLOYEES TO BEHAVE

- 3.1 We expect all people and organisations that are in any way associated with us to be honest and fair in their dealings with everyone. We expect our Members and Employees to lead by example in these matters.
- 3.2 Our separate Codes of Conduct for Members, and Employees, set out an approach to work that is both honest and fair. Members and Employees must act in line with the Codes at all times.
- 3.3 Cleveland Fire Authority Members and Employees have an important part to play in our anti-fraud and corruption arrangements. We encourage our Employees and Members to inform us if they suspect a case of fraud. We will endeavour not to reveal the names of the people who gave us the information. We will deal with all information fairly and confidentially. Our Fraud Response Plan (Appendix 1) gives more advice on this issue for Employees.
- 3.4 Members and Employees are required to record both their financial and other interests and any receipt and offering of hospitality or gifts. At formal meetings, Members are required to declare any interests in the matters under discussion, where the interest is personal and prejudicial.
- 3.5 The Localism Act 2011 mandated 7 principles of public life, that apply to people who serve the public. The Relevant Authorities (General Principles) Order 2001 set out an additional three guiding principles which the Authority have incorporated into their Ethical Governance Framework. We will develop our working behaviour around these 10 principles, as outlined at Appendix 2.
- 3.6 Separate guidance has been issued on gifts/hospitality and the Fire Authority's framework which is detailed at Appendix 5.
- 3.7 We expect our Senior Officers and Managers to deal firmly and quickly with anyone who is responsible for fraud or corruption. The Treasurer and Head of Internal Audit in consultation with the Monitoring Officer may refer matters to the Police if they suspect any criminal activity has been carried out.
- 3.8 We must ensure that any investigative process is not misused and, therefore, any abuse, such as raising unfounded malicious allegations, may be dealt with as a disciplinary matter.

4. PREVENTING FRAUD AND CORRUPTION

- 4.1 To address the potential challenge of fraud and corruption, we must endeavour to prevent it from happening in the first place. It is essential that we have clear rules and procedures, to provide a framework within which Members, Employees, Consultants and Contractors can work. These include the main corporate rules, which are set out in Appendix 2.

- 4.2 We will regularly review and update our written rules.
- 4.3 Senior Officers and Managers must make sure that suitable levels of internal checks are included in working procedures, particularly financial procedures. It is important that duties are organised so that no one person can carry out a complete transaction without some form of checking process being built into the system.
- 4.4 To ensure the effective use of audit resources a 4 year Strategic Plan and Annual Internal Audit Activity Plans are in operation. These plans ensure that the challenge of potential fraud is appropriately addressed through;
- regular reviews of controls within the main financial systems;
 - protective audit visits to Fire Authority establishments to ensure appropriate standards of financial administration are in operation;
 - detailed probity work using computer interrogation techniques.

By its nature, corruption is difficult to identify and prosecute successfully. The Fire Authority's approach is to have in place a robust framework of procedures and subject them to regular review.

- 4.5 We must follow our procedures when employing new Employees. If possible, we must check the previous employment records of anyone we are considering employing. This applies to both temporary and permanent Employees. The role that Employees are expected to play in ensuring effective internal control will be included within Employees induction procedures when they begin their employment. This will be followed up with training as appropriate.
- 4.6 We are committed to working and co-operating with other organisations to prevent organised fraud and corruption. Wherever possible, we will be prepared to help and exchange information with other Fire Authorities and organisations to deal with fraud.
- 4.7 We will participate in computerised data matching initiatives, co-ordinated by External Audit and we will abide by Codes of Practice covering such processes. This kind of work needs to be tightly controlled particularly in relation to data protection issues.
- 4.8 We will make sure that full details of arrangements for reporting concerns are widely published to the public, Members and Employees through: -
- Cleveland Fire Authority Internet Site – www.clevelandfire.gov.uk
 - CFA Intranet Site - FISH
 - Members Handbook.
 - Staff Handbook.

All information received in this way will be acted on and investigated in all appropriate circumstances.

4.9 The Terrorism Act 2000, Bribery Act 2010, Proceeds of Crime Act, 2002, and the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations 2017, as amended, have broadened the definition of money laundering, and increased the range of activities caught by the statutory framework. Accordingly, the Authority is required to implement working procedures and undertake risk assessments designed to prevent the use of its services for money laundering. Reference is to be made to any policy of the Authority relating to anti-money laundering, and also to applicable guidance as issued by HM Customs & Excise, The Law Society and the Solicitors Regulatory Authority as a supervisory body. The policies and procedures of the Authority's Legal Services are set out within this Anti-Money Laundering Policy document at Appendix 6. Employees should therefore familiarise themselves with the requirements and procedures as set out herein.

5. DETECTING AND INVESTIGATING FRAUD AND CORRUPTION

- 5.1 The array of preventative systems, particularly internal control systems, within the Fire Authority has been designed to provide indicators of any fraudulent activity, although generally they should be sufficient in themselves to deter fraud. You should read this section in conjunction with our fraud response plan (Appendix 1) and our Prosecution Policy (Appendix 4).
- 5.2 Under the Code of Conduct and Financial Procedure Rules, Employees should report any suspected cases of fraud and corruption to the appropriate manager, or, if necessary, direct to the Head of Internal Audit. Reporting cases in this way is essential to the anti-fraud and corruption strategy and makes sure that:
- suspected cases of fraud and corruption are investigated properly;
 - the fraud response plan is properly carried out;
 - there is a standard process for dealing with all suspected cases of fraud and corruption;
 - people's rights, and authority interests are properly protected.
- 5.3 The Fire Authority's Whistleblowing Policy (Appendix 3) is intended to encourage and enable Employees and others to raise serious concerns of misconduct. Employees reporting concerns in this way are afforded certain protection against discrimination through legislation (Public Interest Disclosure Act 1998).
- 5.4 The Head of Internal Audit will work with the Monitoring Officer and Treasurer to the Authority and Senior Officers and Managers to determine the type and course of any investigation. This will include referring cases to the Police where necessary. We will instigate prosecution of offenders and we will carry out our disciplinary procedures where appropriate. We will ensure that any internal proceedings do not prejudice any criminal case.

6. TRAINING

- 6.1 Introducing and operating a successful anti-fraud and anti-corruption strategy requires that all Members and Employees possess levels of knowledge, skills and understanding that enable them to operate competently within the required parameters. Training will be programmed as necessary to meet individual development needs in this area.
- 6.2 Cleveland Fire Authority is committed to continuing personal development for all Employees. Those who are involved in operating or managing, internal control systems must consider their responsibilities during periodic development reviews and ensure that identified development needs are addressed.
- 6.3 Development opportunities for Employees, who may be involved in investigating fraud and corruption, will be provided to ensure that each individual possesses the right knowledge, skills and understanding to operate competently.

7. CONCLUSION

- 7.1 We are committed to tackling fraud and corruption whenever it happens. Our response will be effective and organised and will rely on the principles included in this document. The Fire Authority has in place a clear network of systems and procedures to assist it in the fight against fraud and corruption. It is determined that these arrangements will keep pace with any future developments in both preventative and detection techniques regarding fraudulent or corrupt activity that may affect its operation.
- 7.2 To this end, the Fire Authority maintains a continuous overview of such arrangements through, in particular, its Treasurer, and its Internal and External Auditors.

FRAUD RESPONSE PLAN

1. INTRODUCTION

- 1.1 Cleveland Fire Authority is committed to the highest possible standards of openness, probity and accountability in all its affairs. It is determined to develop a culture of honesty and opposition to fraud and corruption.
- 1.2 In line with that commitment, the Fire Authority's Anti-Fraud and Anti-Corruption Policy outlines the principles we are committed to in relation to preventing, reporting, investigating and managing fraud and corruption.
- 1.3 This Fraud Response Plan reinforces the Fire Authority's robust approach by setting out the ways in which Employees or members of the public can voice their concerns about suspected fraud or corruption. It also outlines how the Fire Authority will deal with such complaints.

2. WHAT DO WE WANT TO KNOW ABOUT?

- 2.1 This Plan is intended to be implemented where suspicions of fraud or corruption have been raised.

Fraud is defined as:

"The intentional distortion of financial statements or other records by persons internal or external to the Authority which is carried out to conceal the mis-appropriation of assets or otherwise for gain".

Corruption is defined as:

"The offering, giving, soliciting or acceptance of an inducement or reward, which may influence the action of any person".

- 2.2 Concerns or allegations which fall within the scope of other, existing procedures eg discrimination issues will normally be referred for consideration under those procedures.

2.3 Fraudulent or corrupt acts may include:

- Systems Issues i.e. where a process/system exists which is prone to abuse by either employees or the public;
- Financial Issues i.e. where individuals or companies have fraudulently obtained money from the Fire Authority e.g. invalid invoices/work not done;
- Equipment Issues i.e. where Fire Authority equipment is used for personal use e.g. unauthorised/inappropriate personal use of Fire Authority vehicles;
- Resource Issues i.e. where there is a misuse of resources e.g. theft of materials;
- Other Issues i.e. activities undertaken by Employees of the Fire Authority which may be: unlawful; against the Fire Authority's Rules of Procedure or policies, falls below established standards or practices; or amounts to improper conduct e.g. receiving inappropriate hospitality.

2.4 This is not an exhaustive list. If you are in any doubt about the seriousness of your concern, advice and guidance can be obtained from the Head of Internal Audit on 01429 523173.

3. SAFEGUARDS

Harassment or Victimisation – The Fire Authority recognises that the decision to report a concern can be a difficult one to make, not least because of the possible fear of reprisal from those responsible for the malpractice. The Fire Authority will not tolerate harassment or victimisation and will take action to protect those who raise a concern in good faith.

Confidentiality – The Fire Authority will do its best to protect an individual's identity when they raise a concern and do not want their name to be disclosed. It must be appreciated, however, that the investigation process may reveal the source of the information and a statement by the individual may be required as part of the evidence.

Anonymous Allegations – This policy encourages individuals to put their names to allegations. Concerns expressed anonymously are much less powerful, but they will be considered at the discretion of the Treasurer and Monitoring Officer to the Authority. In exercising this discretion, the factors to be taken into account would include:

- the seriousness of the issues raised;
- the credibility of the concern; and
- the likelihood of confirming the allegation from attributable sources.

Untrue Allegations – If an allegation is made in good faith, but it is not confirmed by the investigation, no action will be taken against the originator. If, however, individuals make malicious or vexatious allegations, action may be considered against the individual making the allegation.

4 WHAT SHOULD AN EMPLOYEE DO IF THEY SUSPECT FRAUD OR CORRUPTION?

- 4.1 Employees may be the first to realise that there is something seriously wrong within the Fire Authority. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Fire Authority. They may also fear harassment or victimisation. In these circumstances, it may be easier to ignore the concern rather than report what may just be a suspicion of malpractice.
- 4.2 The Fire Authority's Whistleblowing Policy is intended to encourage and enable Employees to raise legitimate concerns within the Authority rather than overlooking a problem or blowing the whistle to the media or other external bodies. This policy has been discussed with the relevant Trade Unions and professional organisations and has their support.
- 4.3 A full copy of the Whistleblowing Policy is provided in the staff handbook and can be obtained from your Human Resources department or your Trade Union Representative.
- 4.4 In essence, Employees should approach the relevant line manager, who, if they find the claim to be substantiated, then in accordance with the Whistleblowing Procedure, the Head of Paid Service, Treasurer or alternatively the Head of Internal Audit should be informed. The nature of the complaint will determine the Fire Authority's course of action.
- 4.5 Internal Audit can be contacted by phone on 01429 523173, or by writing to the Head of Internal Audit, Level 3, Civic Centre, Hartlepool.

5. WHAT SHOULD A MEMBER OF THE PUBLIC DO IF THEY SUSPECT FRAUD OR CORRUPTION?

- 5.1 The Fire Authority encourages members of the public who suspect fraud and corruption to contact the Monitoring Officer, the Treasurer to the Fire Authority or the Head of Internal Audit in the first instance.
- 5.2 The Internal Audit Section is a unit, which operates independently of all other Fire Authority Services, whose work includes reviewing procedures with the following aims:
- To develop an anti-fraud culture.
 - To deter, prevent, detect and investigate fraud and corruption.
 - To see appropriate action taken against those who commit or seek to commit some sort of fraud or corruption.
- 5.3 Internal Audit can be contacted by phone on 01429 523173, or by writing to the Head of Internal Audit, Level 3, Civic Centre, Hartlepool.

6. HOW WILL ALLEGATIONS OF FRAUD OR CORRUPTION BE DEALT WITH BY CLEVELAND FIRE AUTHORITY?

- 6.1 For issues raised by Employees or members of the public, the action taken by the Fire Authority will depend on the nature of the concern. The matters raised may be investigated internally or referred to the Police.
- 6.2 Within 10 working days of a concern being received, the Monitoring Officer or Treasurer to the Fire Authority or designated officer will write to the complainant:
- acknowledging that the concern has been received;
 - indicating how it is proposed the matter will be dealt with;
 - giving an estimate of how long it will take to provide a final response;
 - telling them whether any initial enquiries have been made; and
 - telling them whether any further investigations will take place, and if not, why not.
- 6.3 The Fire Authority accepts that those people who reported the alleged fraud or corruption need to be assured that the matter has been properly addressed. Thus, subject to legal constraints, they will receive information about the outcomes of any investigation.
- 6.4 Investigations will be reviewed by the Treasurer or Monitoring Officer to monitor the quality and effectiveness of investigations. A summary of investigations and outcomes will be reported to the Audit and Governance Committee.
- 6.5 Where losses arise from fraud or corruption the Fire Authority will take action to recover all losses; sanctions and/or redress will be proportioned to the effects of the fraud. Reports will be presented to the Audit and Governance Committee on monitoring and recovery of losses.

7. ALTERNATIVE METHODS FOR TAKING A COMPLAINT FORWARD

- 7.1 If either a member of the public or an Employee feels it is right to take the matter outside these processes, the following are possible ways forward:
- Elected Members of the Cleveland Fire Authority. If you are unsure how to contact them, call the CFA on 01429 874008 or visit www.clevelandfire.gov.uk for advice.
 - the External Auditors (Forvis Mazars LLP) – who are the organisation appointed to scrutinise the Fire Authority’s finances and performance. By law, they must be completely independent from the Authority.
 - Trade Union – Employees may invite their Trade Union to raise a matter on their behalf
 - the Police – suspicions of fraud or corruption may be reported directly to the Police.
 - the Local Government & Social Care Ombudsman – this is an independent body set up by the Government to deal with complaints against Authority’s in the UK.
 - Protect (formerly Public Concern at Work) – whistle@protect-advice.org.uk
 - Mr Peter Devlin, Legal Adviser & Monitoring Officer - 01429 872311 – pdevlin@clevelandfire.gov.uk (breach involving Member’s Code of Conduct)
 - Mrs Karen Winter, Clerk to the Authority (ACFOSPR) 01429 872311 – kwinter@clevelandfire.gov.uk
 - Mr Chris Little, Treasurer to the Authority, 01429 872311 clittle@clevelandfire.gov.uk

WHISTLEBLOWING POLICY

PUBLIC INTEREST DISCLOSURE ACT 1998 GUIDANCE FOR EMPLOYEES AND OFFICERS ON THE PROCEDURE RELATING TO CONFIDENTIAL REPORTING

1. INTRODUCTION

- 1.1 Employees are often the first to realise that there may be something seriously wrong with the Fire Authority. However, they may not express their concerns because they feel that speaking up would be disloyal to their colleagues or to the Fire Authority. They may also fear harassment or victimisation. In these circumstances, it may be easier to ignore the concern rather than report what may just be a suspicion of malpractice.
- 1.2 The Fire Authority is committed to the highest possible standards of openness, probity and accountability. In line with that commitment, we expect employees, and others that we deal with, who have serious concerns about any aspect of the Fire Authority's work to come forward and voice those concerns. It is recognised that most cases will have to proceed on a confidential basis.
- 1.3 This procedure document makes it clear that you can do so without fear of victimisation, subsequent discrimination or disadvantage. *This confidential reporting procedure is intended to encourage and enable Employees to raise serious concerns within the Fire Authority rather than overlooking a problem or 'blowing the whistle' outside.*
- 1.4 The procedure applies to all employees and those Contractors working for the Fire Authority on Fire Authority premises. For example, agency employees, builders, drivers. Further guidance can be found within the Ethical Governance Framework at Section 2 – Standards and Partners
- 1.5 These procedures are in addition to the Fire Authority's complaints procedures and other statutory reporting procedures. You are responsible for making service users aware of the existence of these procedures.
- 1.6 This procedure has been discussed with the relevant Representative Bodies and has their support.

2. AIMS AND SCOPE

- 2.1 This procedure aims to:-
- encourage you to feel confident in raising serious concerns and to question and act upon concerns about practice.
 - provide avenues for you to raise those concerns and receive feedback on any action taken.
 - ensure that you receive a response to your concerns and that you are aware of how to pursue them if you are not satisfied.
 - reassure you that you will be protected from possible reprisals or victimisation if you have a reasonable belief that you have made any disclosure in good faith.

2.2 There are existing procedures in place to enable you to lodge a grievance relating to your own employment. The confidential reporting procedure is intended to cover major concerns that fall outside the scope of other procedures. These include:-

- conduct which is an offence or a breach of law
- disclosures related to miscarriages of justice
- health and safety risks, including risks to the public as well as other Employees
- damage to the environment
- the unauthorised use of public funds
- possible fraud and corruption
- sexual or physical abuse of clients, or
- other unethical conduct

2.3 Thus, any serious concerns that you have about any aspect of service provision or the conduct of Employees or Members of the Fire Authority or others acting on behalf of the Fire Authority can be reported under the confidential reporting procedure. This may be about something that:

- makes you feel uncomfortable in terms of known standards, your experience or the standards you believe the Fire Authority subscribes to; or
- is against the Fire Authority's Procedural Rules and policies, or
- falls below established standards or practice, or
- amounts to improper conduct

2.4 This procedure does not replace the existing complaints procedure.

3. SAFEGUARDS

3.1 Harassment or Victimisation.

3.2 The Fire Authority is committed to good practice and high standards and wants to be supportive of Employees.

3.3 The Fire Authority recognises that the decision to report a concern can be a difficult one to make. If what you are saying is true, you should have nothing to fear because you will be doing your duty to your Employer and those for whom you are providing a service.

3.4 The Fire Authority will not tolerate any harassment or victimisation (including informal pressures) and will take appropriate action to protect you when you raise a concern in good faith.

3.5 Any investigation into allegations of potential malpractice will not influence or be influenced by any disciplinary or redundancy procedures that already affect you.

4. CONFIDENTIALITY

- 4.1 All concerns will be treated in confidence and every effort will be made not to reveal your identity if you so wish. At the appropriate time, however, you may need to come forward as a witness.

5. ANONYMOUS ALLEGATIONS

- 5.1 This procedure encourages you to put your name to your allegation whenever possible.
- 5.2 Concerns expressed anonymously are much less powerful but will be considered at the discretion of the Fire Authority.
- 5.3 In exercising this discretion, the factors to be taken into account would include:-
- the seriousness of the issues raised
 - the credibility of the concern; and
 - the likelihood of confirming the allegation from attributable sources

6. UNTRUE ALLEGATIONS

- 6.1 If you make an allegation in good faith, but it is not confirmed by the investigation, no action will be taken against you. If, however, you make an allegation frivolously, maliciously or for personal gain, disciplinary action may be taken against you.

7. HOW TO RAISE A CONCERN

- 7.1 As a first step, you should normally raise concerns with your immediate Line Manager or their superior. This depends, however, on the seriousness and sensitivity of the issues involved and who is suspected of the malpractice. For example, if you believe that Management is involved, you should approach the Monitoring Officer to the Fire Authority (Mr P Devlin, 01429 872311), Chief Fire Officer and Head of Paid Service (Mr I Hayton, 01429 872311), or the Assistant Chief Fire Officer Strategic Planning and Resources (Mrs K Winter 01429 872311). In matters arising out of paragraphs 2.2.5 of the Fire Authority's Financial Procedure Rules, the Treasurer (Mr C Little telephone 01429 872311) or alternatively, the Head of Internal Audit (Mr N Adamson telephone 01429 523173) should be informed, namely: -

"The Treasurer is responsible for investigating promptly any fraud or irregularity brought to their attention and report to the Head of Paid Service.

- 7.2 Concerns may be raised verbally or in writing. Employees who wish to make a written report are invited to use the following format:-
- the background and history of the concern (giving relevant dates)
 - the reason why you are particularly concerned about the situation

- 7.3 The earlier you express the concern the easier it is to take action.
- 7.4 Although you are not expected to prove beyond doubt the truth of an allegation, you will need to demonstrate to the person contacted that there are reasonable grounds for your concern.
- 7.5 Obtain advice/guidance on how to pursue matters of concern from:-
- Employer Internal Source (Head of Finance and Procurement, Mrs L Younger – 01429 872311)
 - Prescribed Person External Source (J Collins, Forvis Mazars LLP, External Auditors – 0191 3836302)
- 7.6 You may wish to consider discussing your concern with a colleague first and you may find it easier to raise the matter if there are two (or more) of you who have had the same experience or concerns.
- 7.7 You may invite your Trade Union, professional association representative or a friend to be present during any meetings or interviews in connection with the concerns you have raised.
- 7.8 Protect (formerly Public Concern at Work) is an independent charitable body which provides confidential advice and on-going support to individuals (020 311172520)

- 8.7 Where any meeting is arranged, off-site if you so wish, you can be accompanied by a Trade Union or a Professional Association Representative or a friend.

- 9.1 The Assistant Chief Fire Officer Strategic Planning and Resources (Mrs K Winter - 01429 872311) has overall responsibility for the maintenance and operation of this procedure. That Officer maintains a record of concerns raised and the outcomes (but in a form which does not endanger your confidentiality) and will report as necessary to the Fire Authority.

10. HOW THE MATTER CAN BE TAKEN FURTHER

- 10.1 This procedure is intended to provide you with an avenue within the Fire Authority to raise concerns. The Fire Authority hopes you will be satisfied with any action taken. If you are not, and if you feel it is right to take the matter outside the Fire Authority, the following are possible contact points:-

- the designated independent person or organisation (External Auditor)
- your Trade Union
- your local Citizens Advice Bureau
- relevant professional bodies or regulatory organisations
- a relevant voluntary organisation
- the Police

- 10.2 If you do take the matter outside the Fire Authority, you should ensure that you do not disclose confidential information in breach of the Data Protection Act 2018 and the General Data Protection Regulation.

PROSECUTION POLICY

Cleveland Fire Authority is committed to preventing fraud and corruption and has developed an 'Anti-Fraud and Anti-Corruption Strategy' in order to minimise its occurrence.

The Fire Authority will constantly monitor its systems and amend procedures as required.

This policy does not supersede other internal disciplinary codes implemented by the Fire Authority and internal offenders (e.g. Fire Authority Employees or Members) will be liable to general disciplinary procedures as well as prosecution.

General

The Fire Authority's policy on fraud is to:

- deter it in the first instance;
- detect it quickly;
- investigate it efficiently; and
- prosecute offenders when appropriate.
- Recover all losses

In most cases, the Treasurer and Head of Internal Audit, in consultation with the Monitoring Officer will be involved in deciding if reporting the matter to the Police is appropriate. In exceptional circumstances the Monitoring Officer/Head of Internal Audit may refer matters to the Police direct without prior consultation.

In deciding whether a fraud should be reported to the Police the following factors will be taken into account.

1. The extent of the fraud/corruption in financial terms
2. The sufficiency and appropriateness of evidence
3. Whether the public interest will be served

In general, all cases, where there is evidence of a criminal act, will be reported to the Police.

GUIDANCE FOR EMPLOYEES AND MEMBERS ON GIFTS AND HOSPITALITY

1. INTRODUCTION

- 1.1 The following guidelines supplement the Fire Authority's Finance and Contract Procedure Rules and the National and Voluntary Codes of Conduct for Members.
- 1.2 These guidelines are intended to assist Employees and Members to exercise the correct judgement when faced with circumstances where gifts or hospitality are involved. However, if a Member or Employee is in any doubt about the right course of action to take, appropriate advice should be sought from the Fire Authority's Legal Advisor, Chief Fire Officer or Treasurer.

2. GIFTS

- 2.1 The acceptance of gifts by Employees and Members from persons who have, or may seek to have, dealings with the Fire Authority can be viewed by the public with suspicion and can expose the individual(s) vulnerable to criticism. A distinction exists between significant personal gifts from contractors and outside suppliers which would not be acceptable and where criticisms could potentially be justified, and those insignificant items of token value which Members and Employees can accept:
- small gifts under £5 in value, often given by way of trade advertisements e.g. calendars, diaries, and similar office/articles
 - small gifts under £5 in value, given on the conclusion of a courtesy visit e.g. to a factory or other premises
- 2.2 With the exception of those items specifically referred to in section 2.1, Employees or Members of the Fire Authority should tactfully refuse any personal gift which is offered to him/her or to a member of their family by, or indirectly attributable to, any person or body who has dealings of any kind with the Fire Authority.
- 2.3 Whether gifts are accepted or not, the matter should be recorded in the registers of gifts and hospitality in operation for Members and for Employees.
- 2.4 In the event of a Member or Employee receiving a gift without warning, which does not fall in any of the exemptions mentioned in 2.1 above, the matter should immediately be reported to the Chief Fire Officer, Assistant Chief Fire Officer Strategic Planning and Resources or the Authority's Legal Advisor. The Chief Fire Officer or Assistant Chief Fire Officer Strategic Planning and Resources will be responsible for deciding whether the gift should be returned, donated to The Firefighters' Charity or forwarded to a charitable deserving cause. In such cases, the donor must be informed about what has happened to the gift and why, and be asked if they will kindly not send gifts in the future.

3. GIVING AND RECEIVING HOSPITALITY

- 3.1 Any hospitality given by Employees/Members should be justified as in the Fire Authority's interest. The hospitality given should be on a scale appropriate to the occasion and extravagance should be avoided.
- 3.2 Concerning offers of hospitality there should be no cause for concern if the offer is made by another non-commercial public body, but in all other cases, offers of hospitality must be treated with caution.
- 3.3 Employees/Members must refuse offers of hospitality where any suggestion of improper influence is possible. Special caution is necessary where hospitality is offered by a person or body having or seeking business with, or a decision from, the Fire Authority, particularly where the offer is to an individual Employee/Member.
- 3.4 Where hospitality is offered or accepted the matter must be recorded in the respective registers of gifts/hospitality maintained for Members and Employees. If there are any suspicious circumstances, the matter should be notified to the Treasurer to the Fire Authority and the Chief Fire Officer.
- 3.5 All Gifts and hospitality to the value of £50 or more should be disclosed and registered in accordance with the Members and Employees' Codes of Conduct.

4. POLICY

- 4.1 Although it is not possible to define all circumstances in which gifts/hospitality may be involved, the former government agency, the Audit Commission did provide guidance as illustrated in the attached schedule of some of the common types of gift and hospitality as set out in the following table together with an initial classification by the Fire Authority as acceptable or not:

ANTI-MONEY LAUNDERING POLICY

1. INTRODUCTION

The Terrorism Act 2000, Bribery Act 2010, Proceeds of Crime Act, 2002, and the Money Laundering, Terrorist Financing and Transfer of Funds (Information on the Payer) Regulations, 2017, as amended, have broadened the definition of money laundering, and increased the range of activities caught by the statutory framework. Accordingly, the Authority is required to implement working procedures and undertake risk assessments designed to prevent the use of its services for money laundering. Reference is to be made to any policy of the Authority relating to anti-money laundering, and also to applicable guidance as issued by HM Revenue & Customs, The Law Society and the Solicitors Regulatory Authority as a supervisory body. The policies and procedures of the Authority's Legal Services are set out within this Anti-Money Laundering Policy document, and Employees should therefore familiarise themselves with the requirements and procedures as set out herein.

2. THE TERRORISM ACT, 2000

- The definition of money laundering under this Act and the offence created is set out in Section 18(1). A person commits an offence if he enters into or becomes concerned in an arrangement which facilitates the retention or control by or on behalf of another person of terrorist property by concealment, by removal from the jurisdiction, by transfer to nominees or any other way.
- It is a defence for a person charged with an offence under sub-section (1) to prove that he did not know and had no reasonable cause to suspect that the arrangement related to terrorist property. (S18(2))
- The failure to disclose an offence in S21A of the Act only applies in the regulated sector (see below). A person commits an offence under Section 21A if each of three conditions is satisfied.
- The first condition is that he knows or suspects or has reasonable grounds for knowing or suspecting that another person has committed an offence under any of Sections 15 to 18 of the Terrorism Act, 2000. These sections cover fund raising (s.15), use and possession (s.16), funding arrangements (s.17) and money laundering (s.18).
- The second condition is that the information or other matter on which knowledge or suspicion is based or which gives reasonable grounds for such knowledge or suspicion, came in the course of business in the regulated sector.
- The third condition is that he does not disclose the information or other matter to a constable or a nominated officer as soon as is practicable after it comes to him.

3. THE BRIBERY ACT 2010

- 3.1 The Act will make it easier for agencies such as the Serious Fraud Office to prosecute bribery and corruption offences. Upon conviction companies face unlimited fines with individuals facing up to ten years imprisonment.
- 3.2 If bribes are paid by or on behalf of an organisation, that entity can be automatically prosecuted for a new strict liability offence of failing to prevent bribery. The only defence applicable would be to demonstrate that the organisation has “adequate procedures” in place to prevent corrupt business practices. Some of the suggested steps to cover “adequate procedures” would include, by way of example; management responsibility for the organisation’s anti-corruption programme, appointment of a Senior Officer with responsibility for compliance with cognisance to a publicised anti-corruption code, adequate risk assessment, reporting and investigation procedures.

3.3 The Offences

- 3.3.1 The legislation covers certain primary offences of “active” and “passive” bribery. Active bribery will be committed through the giving of a bribe or offering or promising to do so. Whilst passive bribery is the requesting, or agreeing to receive or accepting a bribe, there is also a new offence of bribing a ‘foreign public official’. The bribe must not be “legitimately due” and the giver must have the intention of influencing the recipient in the performance of their public duties. Accordingly, certain “facilitation payments” will now have to be scrutinised, to ensure that such payments are permitted or required under the relevant law of the relevant country.
- 3.3.2 The Act also introduces a new corporate offence of negligently failing to prevent the giving of bribes by its employees or agents. It will be a defence, if a business can show it had adequate procedures in place to prevent bribery taking place albeit those systems have failed in the individual instance. Clearly, the intention behind this new offence is to encourage businesses to adopt and embrace anti-corruption policies and strategies more seriously and to put in place appropriate measures to eradicate unethical business practices.

3.4 Enforcement

- 3.4.1 The Serious Fraud Office will be the responsible prosecuting authority and are also to issue guidance, in addition to that provided through the Ministry of Justice. It should also be noted, that the provisions under the Bribery Act, 2010, replicate those found under the Fraud Act, 2006, which cover sophisticated frauds, particularly through ever evolving technologies. The Fraud Act, 2006, in turn, building upon the provisions contained within the Theft Acts, 1968-1978. In addition the ‘Sentencing Guidelines Council’ has also indicated appropriate penalties relating to the overall culpability of individuals/organisations who commit and are convicted of such fraudulent activities.

4. THE PROCEEDS OF CRIME ACT, 2002

4.1 What is money laundering?

Money laundering means;

- concealing, disguising, converting, transferring criminal property or removing it from the United Kingdom (section 327 of the Act);
- entering into, or becoming concerned in an arrangement which you know or suspect facilitates the acquisition, retention, use or control of, criminal property by or on behalf of another person (section 328 of the Act);
- acquiring, using or possessing criminal property (section 329 of the Act);

These are the primary money laundering offences and thus prohibited acts under the legislation.

The legislation is designed to shift the burden for identifying acts of money laundering away from government agencies and more towards public bodies and their employees. Further, the legislation prescribes potentially very high penalties, including imprisonment, for those who are convicted of breaking the law.

Potentially, any Member or Employee could be caught by the money laundering provisions if they suspect money laundering and either become involved with it in some way and/or do nothing about it. It is therefore important to be aware of the legislation and its provisions. If you feel you may commit one of these primary money laundering offences, by fulfilling a client's instructions, then you will have a defence if you receive appropriate consent (official permission to continue with the transaction) from the Serious Organised Crime Agency (SOCA).

5. THE MONEY LAUNDERING, TERRORIST FINANCING AND TRANSFER OF FUNDS (INFORMATION ON THE PAYER) REGULATIONS, 2017 AS AMENDED

- The Regulations provide for various steps to be taken by the financial services sector and other persons to detect and prevent money laundering and terrorism financing. Obligations are imposed on "relevant persons" (defined in regulation 3 and subject to the exclusions in regulation 154), who are credit and financial institutions, auditors, accountants, tax advisers and insolvency practitioners, independent legal professionals, trust or company service providers, estate agents, high value dealers and casinos. Otherwise known as the "Regulated Sector.
- Relevant persons are required, when undertaking certain activities in the course of business, to apply customer due diligence measures through risk assessment and controls where they establish a business relationship, carry out an occasional transaction, suspect money laundering or terrorist finance or doubt the accuracy of customer identification information.

5.1 What are the obligations on the Authority?

Organisations conducting “relevant business” must;

- Appoint a Money Laundering Reporting Officer (MLRO) to receive disclosures from employees of money laundering activity (their own or anyone else’s);
- Implement a procedure of controls to enable the reporting of suspicions of money laundering;
- Maintain client identification procedures in certain circumstances;
- Assess the risks of money laundering and terrorist financing; and
- Maintain record keeping procedures

Not all of the Authority’s business is “relevant” for the purposes of the legislation. In the main, it will cover accountancy and audit services undertaken by the Authority and the various financial, company and property transactions undertaken by the Authority. However, the most prudent way to ensure compliance with the law is to apply the requirements of the legislation to all areas of work undertaken by the Authority’s financial and legal services.

5.2 Disclosure Procedure

Where you know or suspect that money laundering activity is taking place/has taken place, or become concerned that your involvement in a matter may amount to a prohibited act under sections 327-329 of the Proceeds of Crime Act 2002 (see above), you must disclose this as soon as practicable to the MLRO. The Authority’s nominated Officers for this purpose are to be arranged. It should be noted, that as well as the offences prescribed under sections 327-329 of the Proceeds of Crime Act 2002, this will also encompass any attempt, conspiracy or incitement to commit such an offence; or aiding, abetting, counselling or procuring such an offence. The term “criminal property” is also widely defined, encompassing property representing a person’s benefit from criminal conduct, where you know or suspect that that is the case. It includes all property (situated in the United Kingdom or abroad) real or personal, including money and also includes an interest in land or a right in relation to property other than land. It should be noted that disclosure to the MLRO should be made as soon as practicable when information comes to your attention and should not be subject to any delay or prevarication. Should a disclosure not be made, then you may be liable to prosecution.

5.3 Failure to Report Money Laundering Offences

A failure to report offences is committed, where in the regulated sector in the course of conducting relevant business, you know or suspect or have reasonable grounds to do so (even if you did not actually know or suspect) that another person is engaged in money laundering and you did not disclose this as soon as was reasonably practicable to the MLRO. However, an offence is NOT committed where you have a reasonable excuse for non-disclosure, nor where you are a **professional legal advisor** and the information came to you in **privileged circumstances** i.e.;

- By a client (or their representative) in connection with the giving of legal advice;
- By a person (or their representative) seeking legal advice;
- By a person in connection with legal proceedings (existing or contemplated);

But NOT where the information was given with the intention of furthering a criminal purpose. Consequently, if information comes to a professional legal advisor outside the privilege arena, then they may commit an offence by non-disclosure.

NOTE: There are two ‘third party’ offences – failure to disclose one of the three principal offences as noted above and ‘tipping off’ which now has application to an offence committed in the regulated sector (see below). Tipping off is where someone informs a person or people who are, or are suspected of being, involved in money laundering, in such a way as to reduce the likelihood of their being investigated, or prejudicing an investigation.

NOTE: The Law Society has issued guidance as approved by HM Treasury ‘Anti-money laundering guidance March 2018’ incorporating amendments made through the 2017 Regulations and which details areas of good practice.

(<https://www.lawsociety.org.uk/policy-campaigns/articles/anti-money-laundering-guidance/>)

No disclosures whatsoever should be made without the specific prior approval of the MLRO. Such disclosures to the MLRO will be protected in that they will not be taken to be in breach of a restriction on the disclosure of information.

5.4 Tipping Off Offences

Under section 333A of the 2002 Act, there is an offence of “**tipping off**” where a person, knowing or suspecting a disclosure has been made, makes a disclosure which is likely to prejudice any investigation which might be conducted and the information on which the disclosure is based came to the person in the course of business in the regulated sector.

However, a tipping off offence is NOT committed where;

- The person did not know or suspect that the disclosure was likely to be prejudicial;
- The disclosure is made in furtherance of their enforcement functions regarding the Act or similar criminal conduct legislation;
 - They are a professional legal advisor and the disclosure was to a client (or their representative) in connection with the giving of legal advice; or
 - is made for the purpose of dissuading the client from engaging in conduct amounting to an offence; or
 - to any person in connection with legal proceedings (existing or contemplated);

But NOT when the information was given with the intention of furthering a criminal purpose.

5.5 Legal Professional Privilege

Privilege will attach to;

- advice given on how to stay within the law and avoid committing a crime;
- warning a client that proposed actions may attract prosecution;
- a pending criminal prosecution.

Privilege will not attach to;

- information coming to you in connection with affecting a transaction, e.g. a property matter;
- a client account ledger;
- an appointments diary or time record;
- attendance notes;
- notes of open court proceedings, conversations, correspondence of meetings with opposing lawyers;
- any documents which themselves form part of a criminal or fraudulent act;
- advice sought by a client who intends to carry out a criminal offence (even where the lawyer is unaware of this purpose).

NOTE: Communications cannot be subject to legal professional privilege if they are created with the intention of furthering a criminal purpose. It is irrelevant whether the intention is that of the client, the lawyer or any third party.

5.6 Procedural Requirements

As indicated, the legislation imposes specific obligations and those carrying out “relevant business” requiring them to;

- Obtain sufficient knowledge to ascertain the true identity of clients and maintaining “**customer due diligence**” measures and ongoing monitoring;
- Ensure that “**record keeping procedures**” (e.g. evidence of identity obtained, details of transactions undertaken, etc) are maintained and adhered to;
- Maintaining internal controls through ie, audits, risk assessment and overall management.

NOTE: Where the client is acting or appears to be acting for someone else, reasonable steps must also be taken to establish the identity of that other person (although this is unlikely to be relevant to the Authority).

The law states that particular care must be taken when the client is not physically present when being identified; this is always likely to be the case with the Authority, given that its relevant business can only be undertaken with other local authorities and designated public bodies (not individuals) and therefore instructions will usually be given in writing. However, there are a limited number of exceptions where identification evidence does not need to be obtained, these are unlikely to ever be relevant to the Authority, given that it can only act for other public authorities and designated public bodies.

Satisfactory evidence of identity is that which;

- is capable of establishing, to the satisfaction of the person receiving it, that the client is who they claim to be; and
- does in fact, do so.

It is suggested that fairly rigorous identification checks should be made, for example, in relation to an organisation, that evidence should be obtained as to the identity of key individuals within the organisation along with evidence of the identity of the business entity and its activity. The following factors suggest a minimum level of client identification procedure would be appropriate; namely –

- (i) for internal clients – where a detailed awareness of individuals and their location has been established through previous dealings.
- (ii) for external clients – where the body, is heavily regulated by their very nature or there has been repeated dealings between the Authority and such bodies thereby establishing knowledge in terms of people and the business address.

5.7 Record Keeping Procedures

Signed, written instructions should enable us to have confidence in accepting instructions from a known client. If instructions are obtained from a new client, then you may also wish to seek additional evidence, for example;

- checking the organisation's website to confirm their business address;
- asking the key contact officer to provide evidence of their personal identity and position within the organisation, for example, written confirmation from the relevant head of service/chair of the relevant organisation.

5.8 The Penalties

Money laundering offences may be tried at a Magistrates' Court or in the Crown Court, depending on the severity of the suspected offence. Trials at the former can attract fines of up to £5,000, imprisonment for up to six months, or both. In a Crown Court, fines are unlimited and sentences of imprisonment (depending on the particular offence) can range from two to fourteen years.

6. SUMMARY

When considering an offence under the money laundering legislation, the Court will consider whether you have followed any relevant guidance. General queries over the legislation can be discussed with the Authority's Legal Advisor or with the Authority's MLRO (the Treasurer).

The Law Society's "Golden Rules" regarding money laundering are;

- know the legislation;
- know the Law Society's professional guidelines regarding money laundering;
- know your clients;
- know your business;
- train your employees (if you feel you need specific training, please speak to your line manager);
- monitor compliance with procedures by employees;
- don't cut corners;
- don't be afraid to ask questions (of a client or colleague);
- approach the procedures with common sense.

7. CONCLUSION

Employees and Members within the Authority must at all times be mindful of the legislative requirements as set out herein. As indicated, a failure to comply with such requirements may render an individual liable to prosecution. At all times, prompt, appropriate and proper action should be taken if you have any suspicions as to any money laundering activity, and please be aware that discussion upon this issue can be undertaken with either the Authority's Legal Adviser or through the Authority's Money Laundering Reporting Officer at any time should you have concerns regarding any matter.

The Authority's Money Laundering Reporting Officer is The Treasurer to the Authority who can be contacted at clittle@clevelandfire.gov.uk or 01429 872311.

The sub Principles of good governance
are detailed within the Authority's Code of Corporate Governance

STANDARDS AND PARTNERS

Cleveland Fire Authority aspires to the highest standards of conduct and governance in the discharge of its roles. This affects the conduct of both members of the Authority, and its officers, in their dealings with the Authority, with the public and with others with whom they have contact in the discharge of the functions of the Authority. It also gives rise to an expectation that organisations and individuals upon whom the Authority relies for the provision of services, or in the discharge of contractual arrangements, will reflect relevant principles in their contact with the Authority, its members and officers and members of the general public with whom they come into contract.

This paper is intended, for the information of contractors, external partners and others who have dealings with the Authority, to summarise the principal elements contributing to the attainment of these objectives. Such parties are expected, so far as reasonably practicable and compatible with their own commercial interests and duties, e.g. to shareholders –

- themselves to act in a manner consistent with the principles set out when undertaking activities on behalf of the Authority
- to bring to the attention of the Authority any failure by a member or officer of the Authority, in their dealings with the contractor, partner etc., to comply with the principles set out.

STANDARDS AND PARTNERS

The General Principles

The Localism Act 2011 mandated 7 principles of public life that apply to people who service the public. The Relevant Authorities (General Principles) Order 2001 set out an additional three guiding principles which the Authority have incorporated into their Ethical Governance Framework. We will develop our working behaviour around these 10 principles, as outlined in the Anti-Fraud and Anti-Corruption Strategy (Part 1).

Of particular potential relevance to an external provider are the requirements

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

Honesty

Holders of public office should be truthful.

Respect for Others

Members should promote equality by not discriminating unlawfully against any person, and by treating people with respect, regardless of their race, age, religion, gender, sexual orientation or disability. They should respect the impartiality and integrity of the authority's statutory officers, and its other employees.

Duty to Uphold the Law

Members should uphold the law and, on all occasions, act in accordance with the trust that the public is entitled to place in them. This principle (which is to have general application) is intended to apply through a Member's election and their acceptance of the office of Councillor and following the appointment of a co-opted Member to the Authority.

These and the other general principles are then reinforced by the Code of Conduct for Councillors

The Code of Conduct for Councillors

Members of the Authority are bound by a Code of Conduct (see Part 3) which requires them, amongst other things –

- to treat others with respect
- to promote equality and not to discriminate unlawfully
- not to use their position to their own advantage or that of their friends, families etc.
- not to use authority resources for their own benefit or that of their friends, families etc.
- not to conduct themselves in a manner which brings the authority or their office as a member of the authority into disrepute
- not to bully or harass any person.
- to promote equalities and not discriminate unlawfully against any person
- not to bring your role or that of the Authority into disrepute

Financial Probity

The Authority, as a custodian of public funds, must adhere to the principles of financial probity at all times. To this end, it has adopted Financial Regulations which seek to ensure that financial transactions of the Authority are conducted in an acceptable manner and that the financial records of the Authority are maintained accurately and expediently and in accordance with current accountancy practices. Though contractors, partners, etc have no cause to be familiar with Financial Regulations, they should be alert to any actions on the part of representatives of the Authority which give rise to concerns regarding financial probity. Any concerns in this regard can be raised with the Treasurer of the Authority who will be able to consider the issue in the context of the Financial Regulations.

Civil Liberties and other legislation

As a public authority, Cleveland Fire Authority is subject to legislation which is designed to protect others and prevent abuse of their rights and liberties. Examples relevant to the Authority's relationship with contractors, partners etc. are:

- Health & Safety at Work Act 1974
- Race Relations Act 1976
- Sex Discrimination Act 1975
- Data Protection Act 2018 and GDPR
- Human Rights Act 2000

These and other relevant enactments cast upon the Authority an obligation not to infringe the rights and liberties of others. Certain aspects, such as health and safety, and data protection, may be dealt with specifically in contractual documentation between the Authority and the contractor, partner etc. In that case, the contractual provisions will prevail but in the absence of express provisions, it is the expectation of the Authority that those who discharge functions on behalf of the Authority will act only in a manner which assists the Authority in complying with relevant legislation and does not expose the Authority to criticism or sanction for breach.

Protection against victimisation

A natural concern on the part of a contractor, partner etc, who might consider making a referral is the potential for their interests to be prejudiced by doing so. The Authority extends to such parties the same guarantee against victimisation as is offered to their employees making a referral under the Whistleblowing Policy – for employee purposes adopted under the Public Interest Disclosure Act 1998 – and for the purpose of the protections of the policy, extends the procedures incorporated in the policy to contractors, partners etc. as though they were employees of the Authority.

Notification of misconduct

If a contractor, partner etc. or any of their employees become aware of misconduct on the part of a representative of the Authority, they are urged to bring the matter to the attention of the Authority or other appropriate agency. A referral should be made as soon as evidence exists which raises a reasonable belief that misconduct has taken, or is taking, place.

The nature of the misconduct may determine whether the matter is brought to the attention of the Authority or another agency. The following guidelines are offered to assist a party considering making a referral.

Conduct	Point of referral
Member misconduct, not amounting to a serious criminal offence	Monitoring Officer or Treasurer
Officer (Strategic Management) misconduct not amounting to serious criminal offence	Monitoring Officer
Officer misconduct, not amounting to a serious criminal offence	Chief Fire Officer
Member or officer conduct amounting to serious criminal offence	Police
Financial impropriety not amounting to fraud	Treasurer or Monitoring Officer Internal / External Audit
Fraud	Police

THE 10 GENERAL PRINCIPLES ADOPTED BY THE AUTHORITY ARE DETAILED WITHIN THE ANTI-FRAUD AND ANTI-CORRUPTION STRATEGY AT PART 1

MEMBERS CODE OF CONDUCT

INTRODUCTION

This code applies to you as a member of Cleveland Fire Authority and when you act in your role as a Member it is your responsibility to comply with the provisions of this code. The code will also have application to voting co-opted Members and to those Independent Persons appointed to the Audit and Governance Committee.

You are a representative of this Authority and the public will view you as such therefore your actions impact on how the Authority as a whole is viewed and your actions can have both positive and negative impacts on the Authority.

This Code is adopted through the requirement for Cleveland Fire Authority to promote and maintain high standards of conduct by its members, under Section 27 of the Localism Act, 2011. The Code has application to those “principles of public life” as set out below under paras 1 – 7 as specified under the Localism Act, 2011 and the Authority has decided to incorporate the additional principles as set out within paras 8 – 10.

PRINCIPLES OF PUBLIC LIFE

Preamble

The principles of public life apply to anyone who works as a public office-holder. This includes all those who are elected or appointed to public office, nationally and locally, and all people appointed to work in the civil service, local government, the police, courts and probation services, NDPBs, and in the health, education, social and care services. All public office-holders are both servants of the public and stewards of public resources. The principles also have application to all those in other sectors delivering public services.

1. SELFLESSNESS

Holders of public office should act solely in terms of the public interest.

2. INTEGRITY

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

3. OBJECTIVITY

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias

4. ACCOUNTABILITY

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

5. OPENNESS

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

6. HONESTY

Holders of public office should be truthful.

7. LEADERSHIP

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

8. RESPECT FOR OTHERS

Members should promote equality by not discriminating unlawfully against any person and by treating people with respect, regardless of their race, age, religion, gender, sexual orientation or disability. They should respect the impartiality and integrity of the authority's statutory officers and its other employees.

9. DUTY TO UPHOLD THE LAW

Members should uphold the law and, on all occasions act in accordance with the trust that the public is entitled to place in them. This principle (which is to have general application) is intended to apply through a Member's election and their acceptance of the office of Councillor and following the appointment of a co-opted Member to the Authority.

10. PERSONAL JUDGEMENT

Members may take account of the view that others, including their political groups, but should reach their conclusion on the issues before them and act in accordance with those conclusions.

As a Member your conduct will in particular address the statutory principles of the Code of Conduct by:

- Championing the needs of residents – the whole community and in a special way my constituents, including those who did not vote for me – and putting their interests first.
- Dealing with representations or enquiries from residents, members of our communities and visitors fairly, appropriately and impartially.
- Not allowing other pressures, including the financial interests of myself or others connected to me, to deter me from pursuing constituents’ casework, the interests of the Authority’s area or the good governance of the authority in a proper manner.
- Exercising independent judgement and not compromising my position by placing myself under obligations to outside individuals or organisations who might seek to influence the way I perform my duties as a member/co-opted member of this authority.
- Listening to the interests of all parties, including relevant advice from statutory and other professional Officers, taking all relevant information into consideration, remaining objective and making decisions on merit.
- Being accountable for my decisions and co-operating when scrutinised internally and externally, including by local residents.
- Contributing to making this authority’s decision-making processes as open and transparent as possible to enable residents to understand the reasoning behind those decisions and to be informed when holding me and other members to account but restricting access to information when the wider public interest or the law requires it.
- Behaving in accordance with all our legal obligations, alongside any requirements contained within this authority’s policies, protocols and procedures, including on the use of the Authority’s resources.
- Valuing my colleagues and staff and engaging with them in an appropriate manner and one that underpins the mutual respect between us that is essential to good local government.
- Always treating people with respect, including the organisations and public and engage with and those I work alongside.
- Providing leadership through behaving in accordance with these principles when championing the interests of the community with other organisations as well as within this authority.

Interpretation

In this Code;

“Disclosable Pecuniary Interest” has the meaning and description as detailed in the Schedule to this Code of Conduct.

“Meeting” means any meeting of;

- (a) the Authority;
- (b) any of the Authority’s Committees, Sub-Committees or Joint Committees;
- (c) whether or not the press and public are excluded from the meeting in question by virtue of a resolution of Members.

“Member” includes a co-opted Member and any appointed Member.

GENERAL OBLIGATIONS

1. When acting in your role as a Member of the Authority;

- 1.1 You must treat others with respect.
- 1.2 You must not conduct yourself in a manner which is contrary to the Authority's duty to promote and maintain high standards of conduct amongst its Members.
- 1.3 You must not disclose information given to you in confidence by anyone, or information acquired by you which you believe or are reasonably aware, is of a confidential nature, except where –
 - (i) you have the consent of the person authorised to give it;
 - (ii) you are required by law to do so
 - (iii) the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or
 - (iv) the disclosure is –
 - (a) reasonable and in the public interest; and
 - (b) made in good faith and in compliance with the reasonable requirements of the authority; and
 - (c) you have consulted with the Authority's Monitoring Officer prior to its release.
- 1.4 You must not prevent any other person from gaining access to information to which that person is entitled by law.
- 1.5 **Bullying, harassment and discrimination**

You must not bully or harass any person.

You must promote equalities and not discriminate unlawfully against any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims

1.6 Disrepute

You must not bring your role or that of the Authority into disrepute.

As a Member, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other Members and your Authority and may lower the public's confidence in your or your Authority's ability to discharge your/it's functions. For example, behaviour that is considered dishonest and/or deceitful can bring your Authority into disrepute.

You are able to hold the Authority and fellow Members to account and are able to constructively challenge and express concern about decisions and processes undertaken by the Authority whilst continuing to adhere to other aspects of this Code of Conduct.

2. When using or authorising the use by others of the resources of the Authority;

- 2.1 You must act in accordance with the Authority's reasonable requirements including the requirements of the Authority's applicable information technology policy and those related policies copies of which have been provided to you and which are deemed to have read;
- 2.2 You must ensure that such resources are not used improperly for political purposes (including party political purposes); and
- 2.3 You have regard to any applicable Code of Recommended Practice on local authority publicity issued under Section 4 of the Local Government Act, 1986.

INTERESTS

- 3.1 As a public figure, your public role may, at times, overlap with your personal and/or professional life and interests however when performing your public role as a Member, you should act solely in terms of the public interest and should not act in a manner to gain financial or other material benefits for yourself, your family, your friends, your employer or in relation to your business interests.
- 3.2 You are required to register "pecuniary" and such other interests as determined by the Authority through this Code of Conduct. A failure to declare or register a pecuniary interest will be a criminal offence if this is done without a reasonable excuse. If you knowingly or recklessly provide false or misleading information about a pecuniary interest this will also be a criminal offence.

3.3. There will be a requirement for you to formally declare any gift and/or hospitality to the Monitoring Officer over £25. *Further, you should also have regard to the following considerations;*

- *you should not accept any gift or hospitality which might interfere with or be perceived as impacting on the Authority’s business or services,*
- *you should not accept significant personal gifts from any contractor and/or outside suppliers or agents thereof,*
- *you should only accept hospitality if there is a genuine need to impart information or to represent the Authority (or a body to which you are appointed by the Authority) in the community*
- *you should also be particularly sensitive to receiving gifts and/or hospitality which may relate to the timing of a decision which the Authority may be taking which affects those from whom the gift and/or hospitality was received,*
- *the advice of the Authority’s Monitoring Officer should be obtained where necessary or desirable.*

The person will therefore commit an offence if they provide information that is false or misleading and the person knows that that information is false or misleading or is reckless as to whether the information is true and not misleading.

GIFTS AND HOSPITALITY

GIFTS AND HOSPITALITY GUIDANCE

This guidance is for members of the Authority and independent and co-opted members (voting and non-voting).

1. General Caution

- Treat with extreme caution any offer or gift, favour or hospitality that is made to you personally.
- Your personal reputation and that of the Authority can be seriously jeopardised by the inappropriate acceptance by you of a gift or hospitality
- The acceptance of gifts and hospitality is not always unlawful or inappropriate. The decision for you in every case is whether or not it is appropriate to accept any gift or hospitality that might be offered to you, having regard to how it might be perceived. No hard and fast rules can be laid down to cover every circumstance as to what is appropriate or inappropriate. This guidance is intended to enable you to make your own decision.

2. Criminal Law

- It is a criminal offence corruptly to solicit or receive any gift, reward or advantage as an inducement to doing or forbearing to do anything in respect of any transaction involving the Authority.
- The onus would be on you to disprove corruption in relation to a gift from a person holding or seeking to obtain a contract from the Authority.

3. Limits of Guidance

This guidance does not apply to:-

- Gifts and hospitality you may receive from family and friends (as birthday or other festival presents) that are not related to your position as a member. You should however question any such gift or hospitality offered from an unusual source.
- The acceptance of facilities or hospitality provided to you by the Authority.
- Gifts given to the Authority that you accept formally on the Authority's behalf and are retained by the Authority and not by you personally.

4. Meaning of Gifts and Hospitality

The expressions 'gifts' and 'hospitality' have wide meanings and no conclusive definition is possible. Gifts and hospitality include:-

- The free gift of any goods or services.
- The opportunity to acquire goods or services at a discount or at terms not available to the general public.
- The opportunity to obtain goods or services not available to the general public.
- The offer of food, drink, accommodation or entertainment or the opportunity to attend any cultural or sporting event.

Common gifts includes pens, diaries, calendars and other business stationery, articles of clothing, books, flowers and bouquets. Members should however be cautious when purchasing anything, when additional services, privileges or advantages are offered, which might be related to their position as a member.

5. Appropriate Gifts and Hospitality

There are some circumstances where you may accept gifts and hospitality as being in the normal course of your duties as a member.

- Civic hospitality provided by another public authority.
- Normal and modest refreshment in connection with any meeting in the course of your work as a member (e.g. tea, coffee and other normal beverages and refreshments).
- Tickets for sporting, cultural and entertainment events which are sponsored or promoted by the Authority or bodies to which you have been appointed by the Authority, and the tickets are offered in relation to that sponsorship or promotion.
- Small low value gifts (such as pens, calendars, diaries, flowers and other mementos and tokens).
- Drinks or other modest refreshment in the normal course of socialising arising consequentially from Authority business (e.g. inclusion in a round of drinks after a meeting).
- Modest meals provided as a matter of courtesy in the office or meeting place of a person with whom the Authority has a business connection.
- Souvenirs and gifts from other public bodies intended as personal gifts.

6. Principles to apply in relation to Gifts and Hospitality

In deciding whether it is appropriate to accept any gifts or hospitality you must apply the following principles:-

- Do not accept gifts or hospitality as an inducement or reward for anything you do as a member. If you have any suspicion that the motive behind the gift or hospitality is an inducement or reward you must decline it.
- 'Reward' includes remuneration, reimbursement or fee.
- Do not accept a gift or hospitality of significant value or whose value is excessive in the circumstances.
- Do not accept a gift or hospitality if acceptance might be open to misinterpretation. Such circumstances will include gifts and hospitality:-
- From parties involved with the Authority in a competitive tendering or other procurement process.

- From parties in legal proceedings with the Authority.
- Do not accept a gift or hospitality if you believe it will put you under any obligation to the provider as a consequence
- Do not solicit any gift or hospitality and avoid giving any perception of so doing

7. Registration of Gifts and Hospitality

- The new revised Code of Conduct for Members provides that ‘you have a personal interest in any business of your authority where it relates to or is likely to affect the interests of any person for whom you have received a gift or hospitality with an estimated value of at least £50’
- This interest must be registered in the register of members’ interests. You should register the interest as soon as possible after acceptance of the gift or hospitality and by no later than 28 days of acceptance. The registration should include the source and nature of the gift or hospitality. A form is available for this purpose and is available both hard copy and electronically from our internet site.
- You must disclose the existence and nature of the interest arising from a gift or hospitality at a meeting of the Authority at which business is considered to which the interest relates (i.e. business relating to the interests of the person or body giving the gift or hospitality). The disclosure requirement does not however apply to gift and hospitality interests registered more than 3 years ago.
- Whilst the registration requirement in the code is limited to gifts or hospitality over the value of £50, members are encouraged to register any significant gift or hospitality they receive below this value. There is however no obligation to make a disclosure in relation to gifts and hospitality on the register which are below £50 in value.

8. Reporting of Inappropriate Gifts and Hospitality Offered

- It is a criminal offence for a person corruptly to give or offer any gift, reward or advantage as an inducement or reward to you for doing or forbearing to do anything as a member of the Authority.
- You must immediately report to the Monitoring Officer any circumstances where an inappropriate gift or hospitality has been offered to you.
- You may thereafter be required to assist the Police in providing evidence.

9. Enforcement

- The Authority’s Audit and Governance Committee has responsibility for overseeing compliance with this guidance.
- Allegations of any failure to meet the guidance must be made in writing to the Monitoring Officer.

ARRANGEMENTS FOR DEALING WITH STANDARDS ALLEGATIONS UNDER THE LOCALISM ACT, 2011

1. Background

These “Arrangements” set out how you may make a complaint that an elected or co-opted member of this Authority has failed to comply with the Authority’s Code of Conduct and sets out how the Authority will deal with allegations of a failure to comply with the adopted Code of Conduct.

Under Section 28(6) and (7) of the Localism Act 2011, the Authority must have in place “arrangements” under which allegations that a member or co-opted member of the Authority, or of a Committee or Sub-Committee of the Authority, has failed to comply with that Authority’s Code of Conduct can be investigated and decisions made on such allegations.

Such arrangements must provide for the Authority to appoint at least one Independent Person, whose views must be sought by the Authority before it takes a decision on an allegation which it has decided shall be investigated, and whose views can be sought by the Authority at any other stage, or by a member against whom an allegation has been made.

2. The Code of Conduct

The Authority has adopted a Code of Conduct for members, which is outlined at Section 3 of the Ethical Governance Framework and available for inspection on the Authority’s website www.clevelandfire.gov.uk and on request from Reception at Cleveland Fire Brigade, Training and Administration Hub, Endeavour House, Queens Meadow Business Park, Hartlepool.

The Authority’s Code of Conduct will have application when a Member acts in their official capacity, namely where they are conducting the business of the Authority or otherwise acting, claiming to act, or giving the impression that they are acting as a representative of the Authority. Further, that at the time of the alleged misconduct, they were an elected or co-opted member of the Authority.

3. Making a complaint

If you wish to make a complaint, please write or email to –

Mr P J Devlin
Legal Adviser & Monitoring Officer
Cleveland Fire Authority, Training and Administration Hub
Endeavour House, Queens Meadow Business Park,
Hartlepool, TS25 5TH
pdevlin@clevelandfire.gov.uk

The Monitoring Officer is a senior officer of the Authority who has statutory responsibility for maintaining the register of members' interests and who is responsible for administering the system in respect of complaints of member misconduct.

In order to ensure that we have all the information which we need to be able to process your complaint, please complete and send us the model complaint form, which can be downloaded from the Authority's website and is available on request from Reception at the Cleveland Fire Brigade, Training and Administration Hub (see Appendix 1).

Please do provide us with your name and a contact address or email address, so that we can acknowledge receipt of your complaint and keep you informed of its progress. If you want to keep your name and address confidential, please indicate this in the space provided on the complaint form, in which case we will not disclose your name and address to the member against whom you make the complaint, without your prior consent. The Authority does not normally investigate anonymous complaints, unless there is a clear public interest in doing so.

The Monitoring Officer will acknowledge receipt of your complaint within 5 working days of receiving it, and will keep you informed of the progress of your complaint.

4. Publicity

The Monitoring Officer will request both the complainant and the subject member do not make public the complaint until the Monitoring Officer (in unison with the Independent Person) has decided how the matter should be dealt with and until any investigation is formally completed. Should the complainant and/ or the subject member disclose details of the complaint or any part of the investigation prior to its conclusion, then this would be a material consideration as to the confidentiality behind that item when it is formally reported to the relevant Council Committee, following the completion of that investigation. Any consideration as to whether that disclosure of information was in the public interest will be determined by the Monitoring Officer at that time, and included as a reference within that report.

5. Will your complaint be investigated?

The Monitoring Officer will review every complaint received and, after consultation with the Independent Person, take a decision as to whether it merits formal investigation. This decision will normally be taken within 20 working days of receipt of your complaint. Where the Monitoring Officer has taken a decision, they will inform you of their decision and the reasons for that decision (see Assessment Criteria at Appendix 3).

Where they require additional information in order to come to a decision, they may come back to you for such information, and may request information from the member against whom your complaint is directed.

In appropriate cases, the Monitoring Officer may seek to resolve the complaint informally, without the need for a formal investigation. Such informal resolution may involve the member accepting that their conduct was unacceptable and offering an apology, or other remedial action by the authority.

Where the member or the Authority make a reasonable offer of local resolution, but you are not willing to accept that offer, the Monitoring Officer will take account of this in deciding whether the complaint merits formal investigation.

If your complaint identifies criminal conduct or breach of other regulation by any person, the Monitoring Officer has the power to refer the matter to the Police and other regulatory agencies.

Vexatious Complaints

A complaint is unlikely to be referred for investigation where the complaint is either habitual/repeated or is vexatious in nature, or is otherwise the unreasonable pursuit of a complaint. The Authority shall keep under review those complaints that have been determined to be either habitual, repeated or vexatious and for the avoidance of doubt, will not disregard any new issues which are so significantly different from the original complaint that they need to be addressed as a separate complaint. However, it will be unlikely that a matter would proceed for investigation in the following circumstances:

- A persistence in pursuing a complaint where the local assessment and determination process has been fully and properly implemented and exhausted.
- Where the complainant has persistently changed the substance of a complaint or raises identical or similar issues or otherwise seeks to prolong unreasonably the matters of complaint through further concerns or questions whilst the original complaint is being addressed.
- The complaint is unreasonable or disproportionate in the amount of time expended and those matters of complaint are considered to be unreasonable as to impose a significant burden in terms of time and cost to be expended by the Authority, if such matters were pursued.
- Is a matter of complaint which can fairly be characterised as being obsessive or manifestly unreasonable through, for example, repetitive allegations.

- The matter of complaint is politically motivated and where press and other publicity has been attracted to the matter of complaint before the same have been reported to the Authority's Monitoring Officer and which the Monitoring Officer in unison with the Independent Person reasonably believes is not in the public interest to warrant an investigation. It will be also be a consideration as to whether independent evidence is likely to be obtained and the nature of seriousness of complaint which may not warrant any further action being taken.

6. How is the investigation conducted?

If the Monitoring Officer decides that a complaint merits formal investigation, they will appoint an Investigating Officer, who may be another senior officer of the Authority, an officer of another Authority or an external investigator. The Investigating Officer will decide whether they need to meet or speak to you to understand the nature of your complaint and so that you can explain your understanding of events and suggest what documents the Investigating Officer needs to see, and who the Investigating Officer needs to interview.

The Investigating Officer would normally write to the member against whom you have complained and provide them with a copy of your complaint, and ask the member to provide their explanation of events, and to identify what documents they need to see and who they need to interview. In exceptional cases, where it is appropriate to keep your identity confidential or disclosure of details of the complaint to the member might prejudice the investigation, the Monitoring Officer can delete your name and address from the papers given to the member, or delay notifying the member until the investigation has progressed sufficiently.

At the end of their investigation, the Investigating Officer will produce a draft report and will send copies of that draft report, in confidence, to you and to the member concerned, to give you both an opportunity to identify any matter in that draft report which you disagree with or which you consider requires more consideration.

Having received and taken account of any comments which you may make on the draft report, the Investigating Officer will send their final report to the Monitoring Officer.

7 Timescales

If a complaint has been referred for investigation it will be conducted and completed as expeditiously as possible, and this generally will be within six months of the start of the investigation.

If an investigation is likely to exceed this six months timescale then an update report will be brought before the Audit and Governance Committee to explain why an extension to the six months is required.

8 What happens if the Investigating Officer concludes that there is no evidence of a failure to comply with the Code of Conduct?

The Monitoring Officer will review the Investigating Officer's report and, if he is satisfied that the Investigating Officer's report is sufficient, the Monitoring Officer will write to you and to the member concerned notifying you that he is satisfied that no further action is required, and give you both a copy of the Investigating Officer's final report. If the Monitoring Officer is not satisfied that the investigation has been conducted properly, he may ask the Investigating Officer to reconsider their report.

9 What happens if the Investigating Officer concludes that there is evidence of a failure to comply with the Code of Conduct?

The Monitoring Officer will review the Investigating Officer's report and will then either send the matter for local hearing before the Hearings Sub Committee or, after consulting the Independent Person, seek local resolution.

9.1 Local Resolution

The Monitoring Officer may consider that the matter can reasonably be resolved without the need for a hearing. In such a case, they will consult with the Independent Person and with you as complainant and seek to agree what you consider to be a fair resolution which also helps to ensure higher standards of conduct for the future. Such resolution may include the member accepting that their conduct was unacceptable and offering an apology, and/or other remedial action by the Authority. If the member complies with the suggested resolution, the Monitoring Officer will report the matter to the Audit and Governance Committee for information, but will take no further action. However, if you tell the Monitoring Officer that any suggested resolution would not be adequate, the Monitoring Officer will refer the matter for a local hearing.

9.2 Local Hearing

If the Monitoring Officer considers that local resolution is not appropriate, or you are not satisfied by the proposed resolution, or the member concerned is not prepared to undertake any proposed remedial action, such as giving an apology, then the Monitoring Officer will report the Investigating Officer's report to the Hearings Sub-Committee which will conduct a local hearing before deciding whether the member has failed to comply with the Code of Conduct and, if so, whether to take any action in respect of the member.

The Authority has agreed a procedure for local hearings, which is attached at Appendix 2.

Essentially, the Monitoring Officer will conduct a "pre-hearing process", requiring the member to give their response to the Investigating Officer's report, in order to identify what is likely to be agreed and what is likely to be in contention at the hearing, and the Chair of the Hearings Sub-Committee may issue directions as to the manner in which the hearing will be conducted.

At the hearing, the Investigating Officer will present their report, call such witnesses as they consider necessary and make representations to substantiate their conclusion that the member has failed to comply with the Code of Conduct. For this purpose, the Investigating Officer may ask you as the complainant to attend and give evidence to the Hearings Sub-Committee. The member will then have an opportunity to give their evidence, to call witnesses and to make representations to the Hearings Sub-Committee as to why they consider that they did not fail to comply with the Code of Conduct.

If the Hearings Sub-Committee, with the benefit of any advice from the Independent Person, may conclude that the member did not fail to comply with the Code of Conduct, and so dismiss the complaint. If the Hearings Sub-Committee concludes that the member did fail to comply with the Code of Conduct, the Chair will inform the member of this finding and the Hearings Sub-Committee will then consider what action, if any, the Hearings Sub-Committee should take as a result of the member's failure to comply with the Code of Conduct. In doing this, the Hearings Sub-Committee will give the member an opportunity to make representations to the Sub-Committee and will consult the Independent Person, but will then decide what action, if any, to take in respect of the matter.

10 What action can the Hearings Sub-Committee take where a member has failed to comply with the Code of Conduct?

The Audit and Governance Committee has delegated to the Hearings Sub-Committee such of its powers to take action in respect of individual members as may be necessary to promote and maintain high standards of conduct. Accordingly the Hearings Panel may:

- 10.1 Publish its findings in respect of the member's conduct;
- 10.2 Report its findings to the Authority for information;
- 10.3 Recommend to the member's Group Leader (or in the case of un-grouped members, recommend to the Authority or to Committees) that they be removed from any or all Committees or Sub-Committees of the Authority;
- 10.4 Instruct the Monitoring Officer to arrange training for the member;
- 10.5 Remove from all outside appointments to which they have been appointed or nominated by the Authority;
- 10.6 Withdraw facilities provided to the member by the Authority, such as a computer, website and/or email and Internet access; or
- 10.7 Exclude the member from the Authority's offices or other premises, with the exception of meeting rooms as necessary for attending Authority, Committee and Sub-Committee meetings.

NOTE

The Hearings Sub-Committee has no power to suspend or disqualify the member or to withdraw members' basic or special responsibility allowances.

11 What happens at the end of the hearing?

At the end of the hearing, the Chair will state the decision of the Hearings Sub-Committee as to whether the member failed to comply with the Code of Conduct and as to any actions which the Hearings Sub-Committee resolves to take.

As soon as reasonably practicable thereafter, the Monitoring Officer shall prepare a formal decision notice in consultation with the Chair of the Hearings Sub-Committee, and send a copy to you, to the member, make that decision notice available for public inspection and report the decision to the next convenient meeting of the Authority.

12 Who are the Hearings Sub-Committee?

The Hearings Sub-Committee is a Sub-Committee of the Authority's Audit and Governance Committee with a minimum of three members. The Audit and Governance Committee has decided that it will comprise a maximum of five members of the Authority and comprising members drawn from at least 2 different political parties. Subject to those requirements, a Member is appointed on the nomination of party group leaders in proportion to the strengths of each party group on the Authority.

The Independent Person is invited to attend all meetings of the Hearings Sub-Committee and their views are sought and taken into consideration before the Hearings Sub-Committee takes any decision on whether the member's conduct constitutes a failure to comply with the Code of Conduct and as to any action to be taken following a finding of failure to comply with the Code of Conduct.

13 Who is the Independent Person?

The Independent Person is a person who has applied for the post following advertisement of a vacancy for the post, and is appointed by a positive vote from a majority of all the members of the Authority.

A person cannot be "independent" (subject to transitional arrangements) if they –

- 13.1 Is, or has been within the past 5 years, a member, co-opted member or officer of the authority;
- 13.2 *[Is or has been within the past 5 years, a member, co-opted member or officer of a parish council within the authority's area], or*

- 13.3 Is a relative, or close friend, of a person within paragraph 13.1 or 13.2 above. For this purpose, “relative” means –
- 13.3.1 Spouse or civil partner;
 - 13.3.2 Living with the other person as husband and wife or as if they were civil partners;
 - 13.3.3 Grandparent of the other person;
 - 13.3.4 A lineal descendent of a grandparent of the other person;
 - 13.3.5 A parent, sibling or child of a person within paragraphs 13.3.1 or 13.3.2;
 - 13.3.6 A spouse or civil partner of a person within paragraphs 13.3.3, 13.3.4 or 13.3.5;
- or
- 13.3.7 Living with a person within paragraphs 13.3.3, 13.3.4 or 13.3.5 as husband and wife or as if they were civil partners.

14 Revision of these arrangements

The Authority may by resolution agree to amend these arrangements, and has delegated to the Hearings Sub-Committee the right to depart from these arrangements where the Sub-Committee considers that it is expedient to do so in order to secure the effective and fair consideration of any matter.

15 Appeals

There is no right of appeal for you as complainant or for the member against a decision of the Monitoring Officer or of the Hearings Sub-Committee . If you feel that the Authority has failed to deal with your complaint properly, you may make a complaint to the Local Government and Social Care Ombudsman.

However, we will tell the following people that you have made this complaint:

(Delete as appropriate)

- The Member (s) you are complaining about
- The Monitoring Officer of another Authority (where applicable)

We will tell them your name and give them a summary of your complaint. We will give them full details of your complaint where necessary or appropriate to be able to deal with it. If you have serious concerns about your name and a summary, or details of your complaint being released, please complete section 5 of this form.

2. Please tell us which complainant type best describes you:

- Member of the public
- An elected or co-opted member of an Authority
- An Independent Person of the Audit and Governance Committee
- Member of Parliament
- Local Authority Monitoring Officer
- Other Authority officer or employee
- Other ()

Making your complaint

Anyone who considers that a Member of the Authority may have breached the Code of Conduct may make a complaint through the Monitoring Officer. The Audit and Governance Committee are required to promote and maintain high standards of conduct by elected and co-opted Members of the Authority. In addition a Hearings Sub-Committee is established to determine (where necessary) whether a Member has breached the Code, and where appropriate, what action should be taken in relation to that Member.

Consequently, a complaint is initially directed to the Monitoring Officer who will determine in conjunction with an Independent Person whether or not to refer the matter for investigation or whether other action (for example, training, conciliation, instituting changes to procedures) should be taken or that no action should be taken. The aim is to complete this initial review within an average of 20 working days.

Guidance on 'Arrangements for dealing with standards allegations under the Localism Act, 2011, can be found on the Authority's website www.clevelandfire.gov.uk.

3. Please provide us with the name of the Member (s) you believe have breached the Code of Conduct and the name of their authority:

Title	First Name	Last Name	Authority

4. Please explain in this section (or separate sheets) what the Member has done that you believe breaches the Code of Conduct. If you are complaining about more than one Member you should clearly explain what each individual person has done that you believe breaches the Code of Conduct.

It is important that you provide all the information you wish to have taken into account in the decision whether to take any action on your complaint.

For example:

- You should be specific, wherever possible, about exactly what you are alleging the member said or did. For instance, instead of writing that the Member insulted you, you should state what it was they said.
- You should provide the dates of the alleged incidents wherever possible. If you cannot provide exact dates it is important to give a general timeframe.
- You should confirm whether there are any witnesses to the alleged conduct and provide their names and contact details if possible.
- You should provide any relevant background information.

Please provide us with the details of your complaint. Continue on a separate sheet if there is not enough space on this form.

Only complete this next section if you are requesting that your identity is kept confidential

5. In the interests of fairness and natural justice, members who are complained about have a right to know who has made the complaint. We also believe they have a right to be provided with a summary of the complaint. We are unlikely to withhold your identity or the details of your complaint unless you have good reason to believe that:

- Disclosure may lead to intimidation either of yourself as a complainant or a witness
- Disclosure could prejudice an investigation
- Lead to evidence being compromised or destroyed.

Please note that requests for confidentiality or requests for suppression of complaint details will not automatically be granted. The Monitoring Officer in conjunction with the Independent Person will consider the request alongside the substance of your complaint. We will then contact you with the decision. If your request for confidentiality is not granted, we will usually allow you the option of withdrawing your complaint.

However, it is important to understand that in certain exceptional circumstances where the matter complained about is very serious, we can proceed with an investigation or other action and disclose your name even if you have expressly asked us not to.

Please provide us with details of why you believe we should withhold your name and/or the details of your complaint:

HEARING PROCEDURES FOR THE AUDIT AND GOVERNANCE COMMITTEE

Definition and Interpretation

'Member' means the Member of the authority who is the subject of the allegation being considered by the Audit and Governance Committee, unless stated otherwise. It also includes the Member's nominated representative.

'Investigator' means the Monitoring Officer or other Investigating Officer, and their nominated representative.

'Committee' also refers to 'a sub-committee' of the Council's Audit and Governance Committee.

'Legal Adviser' means the officer responsible for providing legal advice to the Committee. This may be the Monitoring Officer or the Deputy Monitoring Officer, another legally qualified officer of the authority, or someone appointed for this purpose from outside the authority.

Representation

The member may be represented or accompanied during the meeting by a Solicitor, Counsel or, with the permission of the Committee, another person.

Legal Advice

The Committee may take legal advice from its legal adviser at any time during the hearing or while they are considering the outcome. The substance of any legal advice given to the Committee should be shared with the member and the investigator if they are present.

Setting the scene

After all the Members and everyone involved have been formally introduced, the Chair should explain how the Committee is going to proceed with the hearing.

Preliminary procedural issues

The Committee should seek to resolve any issues or disagreements about how the hearing should be conducted, prior to the formal hearing process.

Making findings of fact

After dealing with any preliminary issues, the Committee should then consider whether or not there are any significant disagreements about the facts contained in the investigator's report.

If there is no disagreement about the facts, the Committee can move on to the next stage of the hearing.

If there is a disagreement, the investigator, if present, should be invited to make any necessary representations to support the relevant findings of fact in the report. With the Committee's permission, the investigator may call any necessary supporting witnesses to give evidence. The Committee may give the Member an opportunity to challenge any evidence put forward by any witness called by the investigator.

The Member should then have the opportunity to make representations to support their version of the facts and, with the Committee's permission, to call any necessary witnesses to give evidence.

NOTE

At any time, the Committee may question any of the people involved or any of the witnesses, and may allow the investigator to challenge any evidence put forward by witnesses called by the Member.

If the Member disagrees with any relevant fact in the investigator's report, without having given prior notice of the disagreement, they must give good reasons for not mentioning it before the hearing. If the investigator is not present, the Committee will consider whether or not it would be in the public interest to continue in their or her absence. After considering the Member's explanation for not raising the issue at any earlier stage, the Committee may then:

- (a) continue with the hearing, relying on the information in the investigator's report;
- (b) allow the member to make representations about the issue, and invite the investigator to respond and call any witnesses, as necessary; or
- (c) postpone the hearing to arrange for appropriate witnesses to be present or for the investigator to be present if they are not already.

The Committee will usually move to another room to consider the representations and evidence in private.

On their return, the Chair will announce the Committee's findings of fact.

Did the Member fail to follow the Code?

The Committee needs to consider whether or not, based on the facts it has found, the Member has failed to follow the Code of Conduct.

The Member should be invited to give reasons why the Committee should not decide that they have failed to follow the Code.

The Committee should then consider any verbal or written representations from the investigator.

The Committee may, at any time, question anyone involved on any point they raise in their representations.

The Member should be invited to make any final relevant points.

The Committee will then move to another room to consider the representations.

On their return, the Chair will announce the Committee's decision as to whether or not the Member has failed to follow the Code of Conduct.

If the Member has not failed to follow the Code of Conduct

If the Committee decides that the Member has not failed to follow the Code of Conduct, the Committee can move on to consider whether it should make any recommendations to the authority.

If the Member has failed to follow the Code

If the Committee decides that the Member has failed to follow the Code of Conduct, it will consider any verbal or written representations from the investigator and the Member as to:-

- (a) whether or not the Committee should recommend action to be taken; and
- (b) what form any action should take.

The Committee will then move to another room to consider whether or not to impose a sanction on the Member and if so, what the sanction should be.

The Chair will announce the Committee's decision.

Recommendations to the Authority

After considering any verbal or written representations from the investigator, the Committee will consider whether or not it should make any recommendations to the authority, with a view to promoting high standards of conduct among Members.

The written decision

The Committee will announce its decision on the day and provide a short written decision on that day. It will also need to issue a full written decision within 5 working days from the conclusion of the hearing.

AUDIT AND GOVERNANCE COMMITTEE ASSESSMENT CRITERIA FOR DEALING WITH STANDARDS ALLEGATIONS UNDER THE LOCALISM ACT, 2011

Assessment Criteria

Before commencing an assessment of a complaint, it needs to be satisfied that:-

1. It is a complaint against one or more named Members of the Authority.
2. The named Member was in office at the time of the alleged conduct and the Code of Conduct was in force at the time.
3. The complaint, if proven, would be a breach of the Code under which the Member was operating at the time of the alleged misconduct.

If the complaint fails one or more of the above requirements it cannot be investigated as a breach of the code and the complainant will be informed that no further action will be taken in respect of the complaint.

Decisions to refer a complaint for investigation

A complaint is likely to be investigated when it meets one or more of the following criteria:-

- It is so serious, if proven, to justify in the public interest a formal investigation of the complaint.
- It is part of a continuing pattern of less serious misconduct that is unreasonably disrupting the business of the Authority and there is no other avenue left to deal with it, other than by investigation.

Note: In considering the above points, consideration will be given to the time that has passed since the alleged conduct occurred.

Decisions not to refer for investigation

A complaint is unlikely to be referred for investigation where it falls into any of the following categories:-

- The complaint appears to be vexatious, malicious, politically motivated, relatively minor or insufficiently serious,
- The same, or substantially similar, complaint has already been the subject of an investigation and there is nothing more to be gained by further action being.
- The complaint concerns acts carried out in the Members private life, when they are not carrying out the work of the authority or have not misused their position as a Member.
- It appears that the complaint concerns, or is really about dissatisfaction with a Authority decision, or policy rather than a breach of the Code.
- There is not enough information currently available to justify a decision to refer the matter for investigation.
- The complaint is about someone who is no longer a member of the Authority.
- A significant period of time has elapsed since the events the subject of the complaint occurred.
- The complaint is such that it is unlikely that an investigation will be able to come to a firm conclusion on the matter.

Other Considerations

- Training for the Member concerned is considered to be a more appropriate way of dealing with the matter.
- The Monitoring Officer in conjunction with the Independent Person believe that a breakdown in relationships has occurred which may be effectively dealt with by conciliation/mediation and the member complained of and the complainant are amenable to engaging in such alternative action.
- An investigation is not the most cost effective way of resolving the matter and the Monitoring Officer is able to deal with it informally.
- Some other action is more appropriate e.g. a review and/or change to the Authority's policies and procedures.
- The conduct complained of is not so serious that it requires a substantive investigation.

Decisions to refer the complaint to another Authority

The Monitoring Officer is likely to refer complaints to another Authority where:-

- The Complaint is about someone who is no longer a Member of the Authority, but is a Member of another Authority. In such cases the Monitoring Officer may refer the complaint to the Audit and Governance Committee of that other Authority.

Anonymous Complaints

The Monitoring Officer will only consider anonymous complaints if there is independent evidence to substantiate them. There must be documentary, photographic or other evidence which supports the substance of the anonymous complaint. However, even if such evidence has been provided, the Monitoring Officer in consultation with the Independent Person is unlikely to consider a complaint that is minor in nature, or appears to be malicious or politically motivated.

If the subject member requests to know the identity of the complainant, then representations will be sought from the Complainant and the Subject Member and thereafter this information will be reported to the Audit and Governance Committee as to whether or not there should be disclosure of the complainants name to the Subject Member.

Considering Requests for withholding a complainant's details

The Monitoring Officer and where required a Hearing Sub-Committee will need to determine whether or not the complainant's details should be withheld from the subject member. Rarely is it in the public interest not to disclose the complainant's details. This could be on the basis that disclosure could prejudice an investigation, may lead to intimidation of the complainant or indeed, any witnesses involved, or could lead to evidence being compromised or destroyed. This will necessarily involve undertaking an assessment of the potential risks against the wider connotations of procedural fairness and the principles of natural justice.

Withdrawing Complaints

A complainant may ask to withdraw their complaint prior to any investigation being undertaken.

In such circumstances, and before coming to a decision on the request, consideration will need to be given to;

- whether the public interest in taking action about the complaint (eg because of its seriousness) outweighs the complainant's wish for the matter to be withdrawn;
- if the complaint can be actioned e.g. investigated, without the complainant's participation or assistance;
- the actual reasons given (if any), and what other reasons there appear to be, for the request to withdraw and whether those reasons would support a decision to agree to the withdrawal of the complaint.

SECTION 1: THE SCHEME AND SUMMARY OF ALLOWANCES PAYABLE

1.1 The Scheme

- 1.1.1 This is the Cleveland Fire Authority Members' Allowance Scheme ["the Scheme"] for the payment of Members' Allowances. The Scheme is based on and conforms with the provisions contained in the Local Authorities (Members' Allowances) (England) Regulations 2003 as may be amended from time to time ["the Regulations"]. It also has regard to relevant Government guidance. At a meeting on 18 October 2019, the Cleveland Fire Authority ["the Authority"] after having regard to the recommendations made by an Independent Remuneration Panel approved a Scheme to take effect from 1st April 2019.
- 1.1.2 The Scheme shall have effect without time limit and may be amended or revoked in accordance with the Regulations. Sections 4, 8 and 9 of this document and any other content included in this document for information may be updated, supplemented or deleted as appears appropriate. Any such alterations shall not be treated as amendments to the Scheme.
- 1.1.3 The Scheme shall have effect and be construed in accordance with the Regulations. In the event of any inconsistencies between the Scheme and the Regulations, the Regulations shall prevail.
- 1.1.4 Any procedures or requirements of the Regulations which are not expressly incorporated in the Scheme are hereby deemed to have been so incorporated.
- 1.1.5 A reference herein to a Schedule shall be deemed to be a reference to a Schedule in the Scheme unless there appears to be a contrary intention. A reference to a Member or a Co-optee shall be to a Member or Co-optee of the Authority.
- 1.1.6 Allowances will be reviewed following Members calling of an IRP.

1.2 Summary of Allowances payable and Amendments to the Scheme

- 1.2.1 Section 2 of the Scheme provides for the payment of an annual Basic Allowance for each Member of the Authority.
- 1.2.2 Section 3 of the Scheme provides for annual Special Responsibility Allowance for those Members who have special duties and/or hold particular posts.
- 1.2.3 It is outside the powers of the Authority, under the current Regulations, to approve Dependants Carers' Allowance.

- 1.2.4 Section 5 and 6 of the Scheme provide for Travelling and Subsistence Allowance for all Members and Co-opted Members of the Authority and explain how claims should be made.
- 1.2.5 Section 7 of the Scheme provides for annual Co-optees' Allowance. As the Authority has no Co-optees at this time no allowance has been set.
- 1.2.6 Where an amendment is to be made by the Authority to the Scheme which affects an Allowance payable in the year in which the amendment is made, the Authority may decide that the entitlement to that Allowance is to apply with effect from the beginning of the year in which the amendment is made, i.e. to backdate the amendment to that extent.
- 1.2.7 Provision has been made, in accordance with the power conferred by the regulations, to make annual adjustments to allowances by reference to specified indices. The index for inflation to be adopted for the purpose of this Scheme is the Harmonised Index of Consumer Prices (HICP) or Consumer Prices Index (CPI) as it is referred to in the UK. Any change arising only from such annual adjustment shall not be deemed to be an amendment to the scheme.

1.3 Tax and Insurance

- 1.3.1 Section 8 and 9 of the Scheme mention liability to Income Tax and the insurance arrangements for Members and Co-optees of the Authority. These sections do not deal with entitlements under the Scheme and are only brief summaries for information. The Authority does not guarantee that they are necessarily accurate or appropriate for individual Members or Co-optees. It is for Members and Co-optees to satisfy themselves personally that their tax and insurance arrangements are in order and they should consult their own advisers as they think fit about these matters.

1.4 Responsibility to Submit Accurate Claims

- 1.4.1 It is important that Members and Co-optees are aware of their responsibility to submit accurate claims and to be able to demonstrate that they did incur any expenditure for which they are claiming.

1.5 Public Record of Payments and Availability of the Scheme

- 1.5.1 The Authority maintains a record showing payments made to Members and Co-optees in accordance with the Scheme. The record is kept available for public inspection during normal office opening hours at the Authority's principal office Training and Administration Hub, Endeavour House, Queens Meadow Business Park, Hartlepool.

The record may be inspected free of charge by any local government elector for the areas of Hartlepool, Middlesbrough, Stockton on Tees and Redcar and Cleveland Borough Councils, these being the areas within which the Authority exercises its functions. A copy of the record will be supplied to any person who so requests.

- 1.5.2 Copies of the Scheme are made available for inspection by the public at the Authority's principal office, Training and Administration Hub, Endeavour House, Queens Meadow Business Park, Hartlepool during normal office opening hours. A copy will be supplied to any person who so requests. Any person wishing to inspect the record of payments or the Scheme should contact the Democratic Services Team.

1.6 Foregoing Entitlement to Allowances

- 1.6.1 A Member or Co-optee may elect to forgo entitlement to all or any part of their entitlement to allowances under the Scheme, by notifying the Treasurer in writing. In practice this relates to the Basic Allowance, Special Responsibility Allowance and Co-optees Allowance, which are the allowances which will otherwise be paid automatically.

1.7 Advice & Queries

- 1.7.1 Any Member or Co-optee requiring advice about how best to maintain records to authenticate claims or with any other queries about the Scheme should contact the Democratic Services Team.
- 1.7.2 In the case of an unresolved dispute in relation to any claim, the Democratic Services Team shall refer the matter to the Treasurer to the Authority who shall be the final arbiter.

SECTION 2: BASIC ALLOWANCE

- 2.1 Basic Allowance is paid to all Members of the Authority at the same rate. It is intended to recognise the requirement for Members to attend various meetings of the Authority as part of their duties. It is also to recognise the role Members perform within the community.
- 2.2 The amount and payment of Basic Allowance are as stated in Schedule 1. Part Year entitlement will be assessed in accordance with Schedule 2.
- 2.3 Co-optees are not eligible for Basic Allowance. Allowances for Co-optees are set out in Section 7.

- 2.4 Any allowance may be withheld where a Member ceased to be a Councillor or is otherwise unable to discharge the role (other than in the case of illness), the Treasurer in conjunction with the Legal Adviser and Monitoring Officer can withhold allowances, if reasonable to do so. Members have the right to appeal as outlined in the Corporate Governance Framework
- 2.5 Basic Allowance is subject to Income Tax and National Insurance Contributions (see Section 8).

SECTION 3: SPECIAL RESPONSIBILITY ALLOWANCE

- 3.1 Special Responsibility Allowances enable payments to be made to Members who have special duties and/or hold particular posts and can be of different amounts. The categories of special responsibilities are set out in the Regulations.
- 3.2 The amounts and payment of Special Responsibility Allowances are as stated in Schedule 1. Part Year entitlement will be assessed in accordance with Schedule 2.
- 3.3 Co-optees are not eligible for Special Responsibility Allowance.
- 3.4 Only one Special Responsibility Allowance is payable per Member. If more than one such allowance appears to be payable, the Member may elect which allowance shall be paid. In the event of failure to elect, the Member will be deemed to have elected to receive the Special Responsibility Allowance which is the greatest.
- 3.5 Special Responsibility Allowance is subject to Income Tax and National Insurance Contributions (see Section 8).

SECTION 4: DEPENDANTS CARERS' ALLOWANCE

- 4.1 It is outside the powers of the Authority to approve Dependants Carers' Allowance under the present Regulations.

SECTION 5: TRAVELLING AND SUBSISTENCE ALLOWANCE

5.1 Travelling Allowances

- 5.1.1 Members, including Co-optees, may claim travelling expenses for travel undertaken in connection with Approved Duties. Details of the Travelling Allowances which may be claimed are set out in Schedule 3. The duties which are Approved Duties for which a claim may be made are set out in Schedule 4

- 5.1.2 Please note that proper VAT receipts for expenses including parking fee tickets are needed in order for the Authority to validate claims and to reclaim VAT. Members should ask for/keep these and attach them to claim forms. Failure to supply a receipt may result in non-payment of a claim.
- 5.1.3 When travelling by train Members should obtain a rail warrant so that the Authority can take advantage of preferential rates. In the first, instance please contact the Democratic Services Team at Fire Brigade Training and Administration Hub for guidance on obtaining a travel warrant as soon as travel arrangements have been confirmed and the post-holder will arrange for a travel warrant to be issued.
- 5.1.4 Claims for Travel Allowance are generally not subject to deductions for Income Tax and National Insurance (see Section 8)

5.2 Subsistence Allowances

- 5.2.1 Members, including Co-optees, may claim subsistence for costs of refreshments and accommodation necessarily incurred when undertaking Approved Duties. Details of the Subsistence Allowances which may be claimed are set out in Schedule 3. The duties which are Approved Duties for which a claim may be made are set out in Schedule 4.
- 5.2.2 Members are not entitled to claim subsistence to the extent that suitable refreshments are provided for them while they are undertaking the approved duty. In calculating the length of time it has taken to perform an approved duty, such as a meeting, Members are entitled to include reasonable travelling time in getting to and from the meeting place.
- 5.2.3 Members are not entitled to claim subsistence to the extent that suitable accommodation is provided for them while they are undertaking the approved duty. Normally accommodation will be booked for Members and the Authority will pay direct. Members should always consult the Democratic Services Team prior to arranging and paying for accommodation themselves.
- 5.2.4 Please note that proper VAT receipts are needed in order for the Authority to validate claims and to reclaim VAT. Members should ask for/keep these and attach them to claim forms. Failure to supply a receipt may result in non-payment of a claim.
- 5.2.5 When a receipt is not provided, claims for Subsistence Allowance are subject to deductions for Income Tax and National Insurance.

SECTION 6: HOW TO CLAIM TRAVELLING AND SUBSISTENCE ALLOWANCE

- 6.1 In this section “Members” includes Co-optees.
- 6.2 Claims for Travelling and/or Subsistence Allowance must be submitted on the standard forms.
- 6.3 The forms include the following declaration which must be completed:-
- “I declare I have incurred expenditure on travelling and/or subsistence for the purpose of enabling me to perform approved duties as a Member or Co-opted Member of Cleveland Fire Authority and that the rates are in accordance with those determined by the Authority. I declare that the statements in my claim are correct. I have not made and will not make any other claim under any enactment for the same travelling and/or subsistence.”
- 6.4 Claim forms are kept by the Democratic Services Team, from whom additional forms may also be obtained.
- 6.5 The deadline for processing claims is usually about the 25th day of the month and payment is made monthly on or about the fifteenth of the month by direct transfer to bank/building society accounts.
- 6.6 Members should submit claims promptly, in arrears, and by no later than the last day of the calendar month. Claims should be made within three months of the approved duty for which the claim is made.
- 6.7 If any of the rates of Travelling and Subsistence Allowance are increased by the Authority and the increase is backdated to the start of a year, Members may be able to show that claims already processed or being processed should be revised to reflect the increase.
- 6.8 Members should note that it is their responsibility to ensure that any claims submitted are accurate, and that they can demonstrate that they attended meetings for which they are claiming allowances etc. It is suggested that this can best be done by Members maintaining diary records of meetings attended, showing the dates of the meetings and duration. Where there is an attendance book at the meeting, the Members must sign the attendance book. NB, if Members’ allowance payments become the subject of investigation, these records may be required by the investigator.
- 6.9 Members should also note that, as mention in Section 1 above, the Authority has to maintain a record showing payments made to Members which is open to public inspection.

SECTION 7: CO-OPTEEES' ALLOWANCE

- 7.1 Co-optees' Allowance enables payments to be made to Co-optees in respect of attendance at conferences and meetings and can be of different amounts for different Co-optees.
- 7.2 The amounts and payment of Co-optees Allowance are as stated in Schedule 1. Part Year entitlement will be assessed in accordance with Schedule 2. These amounts are in addition to any Travelling or Subsistence Allowance which may be claimed by Co-optees under sections 5 and 6 of the Scheme.

Appropriate records should be kept to satisfy the Tax Office. Subsistence Allowance where no receipt is provided is subject to Income Tax.
- 8.2.2 The Inland Revenue is notified of the names and addresses of all Members who claim taxable allowances. Tax is deducted at basic rate until the Inland Revenue notify the Authority of the appropriate tax code for each Member.
- 8.2.3 Some expenses incurred by Members in the course of Authority duties as Members may be deductible against tax. Any member who believes that some of their expenses as a Member may be tax deductible, should contact the Tax Office.

- (a) Their total earnings are less than the specified amount mentioned in 8.3.3 (a) below
 - (b) They are men at state pension age
 - (c) They are women at state pension age
 - (d) They are already paying the maximum NI Contributions on their employment earnings mentioned in 8.3.3 (b) below
- 8.3.3 There is no NI liability if either (a) total earnings are less than the specified minimum, currently £719 per month or (b) NI contributions at maximum rate are paid on employment earnings.
- 8.3.4 Some Members, who are married women or widows who have elected to pay reduced rate contributions for NI, may also need to have their NI Contributions on allowances calculated at a reduced rate.
- 8.3.5 Members who are self-employed may also be subject to different levels of NI Contributions.
- 8.3.6 Members who believe that they fall into any of the above categories should contact the Head of Finance who will seek to obtain further information to assist with the query. Members should also obtain the appropriate certificates from the Department of Work and Pensions (DWP).

8.4 Social Security Benefits

- 8.4.1 The receipt of allowances may affect Members who are receiving Social Security Benefits. All allowances should be declared to the DWP who will be able to advise Members about the way in which allowances affect benefits such as Income Support.
- 8.4.2 Members should note that failure to disclose any allowances to the DWP may result in prosecution.

SECTION 9: INSURANCE FOR MEMBERS

- 9.1 NB – Members must read the paragraph in Section 1 above headed “Tax and Insurance”
- 9.2 In this section “Members” includes Co-optees.
- 9.3 The Authority provides some insurance cover for Members when they are engaged on business which relates to their activities for the Authority. The insurance does not cover Party Political activities.

Our Values are what makes us unique; they are the core things that we believe are essential to our culture and which motivate us to come to work. Our Values drive the way that we all behave and respond to others at work - so they underpin everything that we do.

Behaviours describe the attitudes and approaches that we take to work, which is how we demonstrate our values. Our Values drive our behaviours, which impact the extent of our success at every level of the organisation. **Our values should be at the heart of everything we do, decision making, leadership, designing new ways of working, recruitment, induction, development and progression.**

PRIDE is an acronym for our five core values – the building blocks upon which our culture is built.

Protect – putting safety first, protecting ourselves, the community, the organisation and the environment from all avoidable harm

6. CORE PRINCIPLES

The following 7 core principles provide a framework and visual overview of the various arrangements that the CFA have in place to meet their responsibilities to ensure that business is conducted in accordance with the law and proper standards. The underlying purpose of this "Code of Corporate Governance" is to provide a statement of the Authority's commitment to proper and effective governance and outlines the key documents evidencing the Authority's compliance.

6.1 Core Principle 1

Behaving with integrity, demonstrating strong commitment to ethical values and respecting the rule of law	
<p>Local government organisations are accountable not only for how much they spend but also for how they use the resources under their stewardship. This includes accountability for outputs, both positive and negative and for the outcomes they have achieved. In addition, they have an overarching responsibility to serve the public interest in adhering to the requirements of legislation and government policies. It is essential that, as a whole, they can demonstrate the appropriateness of all their actions across all activities and have mechanisms in place to encourage and enforce adherence to ethical values and to respect the rule of law.</p>	
Sub Principles	Evidence
<p>BEHAVING WITH INTEGRITY</p> <p>Ensuring members and officers behave with integrity and lead a culture where acting in the public interest is visibly and consistently demonstrated thereby protecting the reputation of the organisation</p> <p>Ensuring members take the lead in establishing specific standard operating principles or values for the organisation and its staff and that they are communicated and understood. These should build on the Seven Principles of Public Life (the Nolan principles)</p> <p>Leading by example and using the above standard operating principles or values as a framework for decision making and other actions</p> <p>Demonstrating, communicating and embedding the standard operating principles or values through appropriate policies and processes which are reviewed on a regular basis to ensure that they are operating effectively</p>	<ul style="list-style-type: none"> • The Constitution • Anti-Fraud and Anti-Corruption Strategy • Members and Employees Codes of Conduct • Member Development Plan • A&G terms of reference • Register of Members Interests on website • Independent Persons • Internal Audit Ethical audit • Corporate and Ethical Governance frameworks • Code of Corporate Governance • Annual meeting Governance • Declaration of Interests is a standard agenda item • Values and Behaviour Framework

6.2 Core Principle 2

Ensuring Openness and comprehensive stakeholder engagement	
Local government is run for the public good, organisations therefore should ensure openness in their activities. Clear, trusted channels of communication and consultation should be used to engage effectively with all groups of stakeholders, such as individual citizens and service users, as well as institutional stakeholders.	
Sub Principles	Evidence
<p>OPENNESS</p> <p>Ensuring an open culture through demonstrating, documenting and communicating the organisation’s commitment to openness</p> <p>Making decisions that are open about actions, plans, resource use, forecasts, outputs and outcomes. The presumption is for openness. If that is not the case, a justification for the reasoning for keeping a decision confidential should be provided</p> <p>Providing clear reasoning and evidence for decisions in both public records and explanations to stakeholders and being explicit about the criteria, rationale and considerations used. In due course, ensuring that the impact and consequents of those decisions are clear</p> <p>Using formal and informal consultation and engagement to determine the most appropriate and effective interventions/courses of action</p>	<ul style="list-style-type: none"> • All policies/procedures on Bridge • Corporate and Strategic documents on website • Comply with: Publication Scheme; Local Government Transparency Code • CFA reports/minutes on website and justification if they are marked “not for publication” • Public notices displayed and email notification of meetings • All CFA reports and minutes on website and justification if they are not published • CRMP consultation & EIA’s on policy documents • Terms of Reference for CFA & ELT/TU negotiations/meetings

Ensuring that communication methods are effective and that members and officers are clear about their roles with regard to community engagement

Encouraging, collecting and evaluating the views and experiences of communities, citizens, service users and organisations of different backgrounds including reference to future needs

Implementing effective feedback mechanisms in order to demonstrate how views have been taken into account

6.3 Core Principle 3

Defining outcomes in terms of sustainable economic, social and environmental benefits	
<p>The long term nature and impact of many of local government’s responsibilities mean that it should define and plan outcomes and that these should be sustainable. Decisions should further the organisation’s purpose, contribute to intended benefits and outcomes, and remain within the limits of authority and resources. Input from all groups of stake holders, including citizens, service users and institutional stakeholders, is vital to the success of this process and in balancing competing demands when determining priorities for the finite resources available.</p>	
Sub Principles	Evidence
<p>DEFINING OUTCOMES</p> <p>Having a clear vision which is an agreed formal statement of the organisation’s purpose and intended outcomes containing appropriate performance indicators, which provides the basis for the organisation’s overall strategy, planning and other decisions.</p> <p>Specifying the intended impact on, or changes for, stakeholders including citizens and service users. It could be immediately or over the course of a year or longer.</p> <p>Delivering defined outcomes on a sustainable basis within the resources that will be available.</p> <p>Identifying and managing risks to the achievement of outcomes.</p> <p>Managing service users expectations effectively with regard to determining priorities and making the best use of the resources available.</p>	<ul style="list-style-type: none"> • CRMP 2022 - 2026 • Resource Plan 2022 - 2026 • Service Plan • Values & Behaviour Framework • Annual Performance and Efficiency Report • Corporate Risk Register • Strategic Planning Framework • Culture & People Plan 2022 - 2026 • Community Safety Strategy • Efficiency and Productivity Plan 2024/25
<p>SUSTAINABLE ECONOMIC, SOCIAL AND ENVIRONMENTAL BENEFITS</p> <p>Considering and balancing the combined economic, social and environmental impact of policies, plans and decisions when taking decisions about service providers.</p> <p>Taking a longer-term view with regard to decision making, taking account of risk and acting transparently where there are potential conflicts between the organisation’s intended outcomes and short-term factors such as the political cycle or financial constraints.</p> <p>Ensuring fair access to services</p> <p>Determining the wider public interest associated with balancing conflicting interests between achieving the various economic, social and environmental benefits, through consultation where possible.</p>	<ul style="list-style-type: none"> • Resource Plan 2022 - 2026 • Values and Behaviour Framework • Vision Statement • CRMP • Service Plan • PRIDE - Our Values • Community Safety Strategy • Equality Impact Assessments • Strategic Planning Framework • Integrated Strategic Risk and Financial Planning Cycle

6.4 Core Principle 4

Determining the interventions necessary to optimise the achievement of the intended outcomes	
<p>Local government achieves its intended outcomes by providing a mixture of legal, regulatory, and practical interventions. Determining the right mix of these courses of action is a critically important strategic choice that local government has to make to ensure intended outcomes are achieved. They need robust decision –making mechanisms to ensure that their defined outcomes can be achieved in a way that provides the best trade-off between the various types of resource inputs while still enabling effective and efficient operations. Decisions made need to be reviewed frequently to ensure that achievement of outcomes is optimised.</p>	
Sub Principles	Evidence
<p>DETERMINING INTERVENTIONS</p> <p>Ensuring decision makers receive objective and rigorous analysis of a variety of options indicating how intended outcomes would be achieved and including the risks associated with those options. Therefore ensuring best value is achieved however services are provided.</p> <p>Considering feedback from citizens and service users when making decisions about service improvements or where services are no longer required in order to prioritise competing demands within limited resources available including people skills, land and assets and bearing in mind future impacts.</p>	<ul style="list-style-type: none"> • CFA reports and minutes • CRMP • Scheme of Delegation • Annual Service Plan
<p>PLANNING INTERVENTIONS</p> <p>Establishing and implementing robust planning and control cycles that cover strategic and operational plans, priorities and targets.</p> <p>Engaging with internal and external stakeholders in determining how services and other courses of action should be planned and delivered.</p> <p>Considering and monitoring risks facing each partner when working collaboratively including shared risks.</p> <p>Ensuring arrangements are flexible and agile so that the mechanisms for delivering outputs can be adapted to changing circumstances.</p> <p>Establishing appropriate key performance indicators (KPIs) as part of the planning process in order to identify how the performance of services and projects is to be measured.</p> <p>Ensuring capacity exists to generate the information required to review service quality regularly.</p>	<ul style="list-style-type: none"> • Strategic Planning Framework • MTFS • Risk Registers • Annual Improvement Plans • Internal Operating Plans • Annual Performance & Efficiency Report • CRMP Planning Process • Treasury Management Strategy • Integrated Strategic Risk and Financial Planning Cycle • Budget Planning and reporting process • The Financial Report • Treasury Management Strategy • Budget Planning and reporting process • Revenue and Capital Outturn quarterly reporting • Resource Plan 2022 -2026

<p>OPTIMISING ACHIEVEMENT OF INTENDED OUTCOMES</p> <p>Ensuring the medium term financial strategy integrates and balances service priorities, affordability and other resource constraints.</p> <p>Ensuring the budgeting process is all inclusive, taking into account the full cost of operations over the medium and longer term.</p> <p>Ensuring the medium term financial strategy sets the context for ongoing decisions on significant delivery issues or responses to changes in the external environment that may arise during the budgetary period in order for outcomes to be achieved while optimising resource usage.</p> <p>Ensuring the achievement of ‘social value’ through service planning and commissioning. 6.5 Core Principle 5

Developing the entity’s capacity, including the capability of its leadership and the individuals within it	
<p>Local government needs appropriate structures and leadership, as well as people with the right skills, appropriate qualifications and mindset, to operate efficiently and effectively and achieve intended outcomes within the specified periods. A local government organisation must ensure that it has both the capacity to fulfil its own mandate and to make certain that there are policies in place to guarantee that its management has the operational capacity for the organisation as a whole. Because both individuals and the environment in which an organisation operates will change over time, there will be a continuous need to develop its capacity as well as the skills and experience of individual staff members. Leadership in local government is strengthened by the participation of people with many different types of backgrounds, reflecting the structure and diversity of communities.</p>	
Sub Principles	Evidence
<p>DEVELOPING THE ENTITY’S CAPACITY</p> <p>Reviewing Operations, performance use of assets on a regular basis to ensure their continuing effectiveness.</p> <p>Improving resource use through appropriate application of techniques such as benchmarking and other options in order to determine how the authority’s resources are allocated so that outcomes are achieved effectively and efficiently.</p> <p>Recognising the benefits of partnerships and collaborative working where added value can be achieved.</p> <p>Developing and maintaining an effective workforce plan to enhance the strategic allocation of resources.</p>	<ul style="list-style-type: none"> • CRMP Planning Process • CRMP • Culture & People Plan 2022 - 2026 • Strategic Planning Framework • Equality, Diversity and Inclusion Policy and Improvement Action Plan • Strategic Planning Framework • Authority and Brigade Meeting structures • Community Safety Strategy • Performance Management Framework

services and the other outputs set by members and each provides a check and a balance for each other's authority.

Developing the capabilities of members and senior management to achieve effective shared leadership and to enable the organisation to respond successfully to changing policy demands as well as economic, political and environmental changes and risks by:

- Ensuring members and staff have access to appropriate induction tailored to their role and that ongoing training and development matching individual and organisational requirements is available and encouraged.
- Ensuring Members and officers have the appropriate skills, knowledge, resources and support to fulfil their roles and responsibilities and ensuring that they are able to update their knowledge on a continuing basis.
- Ensuring personal, organisational and system-wide development through shared learning, including lessons learnt from governance weakness both internal and external.
- Ensuring that there are structures in place to encourage public participations.

Taking steps to consider the leadership's own effectiveness and ensuring leaders are open to constructive feedback from peer review and inspections

Holding staff accountable through regular performance reviews which take account of training or development needs.

Ensuring arrangements are in place to maintain the health and wellbeing of the workforce and support individuals in maintaining their own physical and mental wellbeing.

6.6 Core Principle 6

Managing risks and performance through robust internal control and strong public financial management	
<p>Local government needs to ensure that the organisations and governance structures that it oversees have implemented and can sustain an effective performance management system that facilitates effective and efficient delivery of planned services. Risk management and internal control are important and integral parts of a performance management system and are crucial to the achievement of outcomes. Risk should be considered and addressed as part of all decision making activities. A strong system of financial management is essential for the implementation of policies and the achievement of intended outcomes, as it will enforce financial discipline, strategic allocation of resources, efficient service delivery and accountability. It is also essential that a culture and structure for scrutiny are in place as a key part of accountable decision making, policy making and review. A positive working culture that accepts, promotes and encourages constructive challenge is critical to successful scrutiny and successful service delivery. Importantly, this culture does not happen automatically, it requires repeated public commitment from those in authority.</p>
