The Board considered Guidance Note 5 – Reporting Breaches of the Law which covered:

The Scheme Manager asked what mechanisms Pension Service Providers, as data processors, had in place to assure their systems were compliant. Graeme Hall reported that a specific amendment to the Service Level Agreement (SLA) would be required to reflect the introduction of the General Data Protection Regulations (GDPR) on 25 May 2018.

Karen Winter noted that this would also need to be a consideration when procuring Pension Services in the future.

The Board agreed to adapt the LGA template for reporting and recording breaches included in the report and agreed that all breaches by the Pension Services Provider needed to be reported to them on a regular basis including nil returns.

Mr Howe highlighted the potential for a situation where the Scheme Manager does not consider a breach serious but the Board may think otherwise.

It was agreed that a process for reporting breaches be established which outlined the actions to be taken in the event of a data breach which would include a flow chart and contact numbers.

RESOLVED –

- (i) that Guidance Note 5 – Reporting Breaches of the Law be adopted.**
